Subject: **Summit View Water Works**  
**Tariff Revision Filing**

STATE OF WASHINGTON  
UTILITIES AND TRANSPORTATION  
COMMISSION

2009 MAY 11 AM 9:40

Dear Mr. Danner:

**Summit View Water Works**, wishes to file a revised tariff with the Commission. We would like to change the rates for domestic and irrigation water, with an increase of 30% in domestic water base rates, due to an increase in expenses, this would enable us to cover our operation costs. Also, we would like to have our Ready to Serve fee increased in accord with the domestic water base rates. We would like to consider changing the flat rate fee for irrigation to a per acre fee. This would standardize our rates for larger acreage customers. The single outlet base rate would be \$225.00, with a usage rate of \$250.00 per acre. The following documents have been submitted:

1. Revised tariff pages (22,23 & 24) with an effective date of July 1, 2009.
2. Customer notice about regulation that we mailed on June 1, 2009.
3. Financial information and support documentation for the test year of 2008.

We understand there is a 30-day review period and our tariff should become effective at the end of that time.

Please call me at (509) 735-2151 if you have any questions.

Sincerely,

**Kelly Rathbun, Manager**  
**Summit View Water Works, LLC**
