Re: 521402
ETC Certification Filing 2009

RECEIVED
RECORDS MANAGEMENT
2009 JUL 27 AM 8:20
STATE OF WASH.
UTIL. AND TRANSP.
COMMISSION

Dear Ms Washburn:

Pursuant to the requirements contained in the Commission's Order entered in Docket # 08-1454-CT, Skyline Telephone Company hereby submits the affidavits concerning the offering of services and the use of funds under 47 C.F.R. §54.314. The purpose of this filing is to allow the Washington Utilities and Transportation Commission to certify to the Federal Communications Commission and the Universal Service Administrative Company that Skyline Telephone Company qualifies for continued receipt of federal support during 2008.

The certifications and reports that are specified in WAC 480-123-060, WAC 480-123-070, and WAC 480-123-080 are enclosed. Copies of advertisements concerning the availability of supported services and lifeline and Link Up are attached.

As a matter of clarification, M&L Enterprises, Inc. dba Skyline Telephone Company, Inc. is a wholly-owned subsidiary of Midvale Telephone Exchange, Inc.

If there are any questions concerning the foregoing, please contact me.

Sincerely,

Steve Child
CEO

SC/gkb

**AFFIDAVIT CONTAINING CERTIFICATIONS
PURSUANT TO WAC 480-123-060 AND WAC 480-123-070**

I, Steve Child, being of lawful age, state that I am CEO of Midvale Telephone Exchange, Inc. ("Company"), that I am authorized to execute this Affidavit on behalf of the Company, and that the facts set forth in this Affidavit are true to the best of my knowledge, information and belief. On this basis, I hereby certify to the Washington Utilities and Transportation Commission ("Commission") for use by the Commission in providing the certification to the Federal Communications Commission and Universal Service Administrative Company required by 47 C.F.R. §54.314, as follows:

- (1) That the Company will use federal high-cost universal service fund support only for the provision, maintenance and upgrading of the facilities and services for which the support is intended;
- (2) That during the 2008 calendar year, the Company met substantially the applicable service quality standard found in WAC 480-123-030(1)(h);
- (3) That during the 2008 calendar year, the Company maintained the ability to function in emergency situations under the standard found in WAC 480-123-030(1)(g), as such standard relates to functionality of wireline carriers in emergency situations; and
- (4) That during the 2008 calendar year, the Company publicized the availability of its applicable telephone assistance programs in a manner reasonably designed to reach those likely to qualify for service and in a manner which, in the Company's judgment, included advertisements likely to reach those who are not current customers of the Company within the Company's designated service area.

I certify under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

Dated this 15th day of July, 2009, at Midvale Idaho.

Company: Midvale Telephone Exchange, Inc.

By:  Steve Child

Its: CEO

**REPORTS PURSUANT TO WAC 480-123-070
AND WAC 480-123-080**

M&L Enterprises, dba Skyline Telephone (the "Company") hereby submits the following reports in accordance with WAC 480-123-060, WAC 480-123-070 and WAC 480-123-080.¹

Report 1 A: Report on use of Federal funds and benefits to customers - WAC 480-123-070(1)(a): Attached is a copy of the Company's NECA-1 Report for the calendar year 2008, that, as of the date of the report, the Company expects that it will report as the basis for support from the federal high-cost fund.

Report 1 B: WAC 480-123-070(1)(b): The Company reports that the investments and expenses reported under Report 1, above, benefited customers as follows:

Through the expenditure of these funds, the Company was able to continue to provide services at a level that the Company believes meets the intent set forth in 47 U.S.C §254 of providing quality telecommunications services to customers in the service area for which the Company is designated as an ETC.² The Company has made substantial investments over the past several years which allow it to provide quality telecommunications services to its customers in its designated ETC service area. Those expenditures and investments, including those reflected in Report 1, above, generally benefit all customers receiving the federal high-cost fund supported services from the Company within its designated ETC service area.

Report 2: Local Service Outage Report. The Company has had no services outages of thirty minutes or more.

Report 3: Report on Failure to Provide Service. The Company has no held orders and no known areas where customers who want service cannot get service.

Report 4: Report on Complaints per One Thousand Handsets or Lines. WAC 480-123-070(4): The Company reports that the Company is not aware of any complaints during calendar year 2008 to the Federal Communications Commission or the Consumer Protection Division of the Office of the Attorney General of the State of Washington.³

Report 5: WAC 480-123-070(5): We certify compliance with applicable service quality standards.

¹ It is the Company's understanding that it is not required to submit the reports described in WAC 480-123-070(2) and (3).

² The term "ETC" is used in the same sense as the term is used in Chapter 480-123 WAC.

³ The references to the services supported by the federal high-cost fund is to the services designated for support as set forth in 47 C.F.R. §54.101(a).

Report 6: WAC 480-123-070(6): We certify our ability to function in emergency situations according to standards found in WAC 480-123-030.

Report 7: WAC 480-123-070(7): Certification and affidavits of publication regarding the availability of telephone assistance programs, annual notices and web page information are attached.

Report 8: Plan for USF Expenditures WAC 480-123-080(1)(a): The Company expects to use the federal support received during the period October 2009-September 2010 to continue to maintain and upgrade services in the designated service area. In particular, we plan to use some of these funds for upgrades & maintenance to outside plant.

WAC 480-123-080(1)(b): As they are known to the Company at the date of this Report, the planned investment and expenses related to Washington state for the period October 1, 2009, through September 30, 2010, that the Company expects to use as a basis to request federal high-cost support are expected to be relatively similar to those investments and expenses the Company has set forth in its information filed under Report 1, above, taking into account normal fluctuations in investment and expense levels. The Company expects that levels of expenses will remain relatively the same as those it experienced in calendar year 2008, subject to the effects of inflation and other commonly experienced changes in cost of labor and materials.

WAC 480-123-080(2): The Company's investment plans directly affecting federal high-cost supported services offered by it in its designated ETC service area do not include a major construction project at the present time. The Company expects that it will have relatively the same level of investment related to maintenance, replacement and minor upgrades of equipment and plant as occurred in calendar year 2008. The Company has not completed its budgeting process and does not have final numbers prepared for investment and expense levels for 2009. The expected benefit to customers from the anticipated investment and expenditures is that customers will continue to receive a high level of telecommunications service.

Annual Notices 2009

General

Midvale Telephone Exchange (MTE) is a regulated local exchange carrier that provides telecommunication services in Idaho, Oregon, Arizona and Washington. You may reach us at the telephone numbers listed above or at:

www.midvaletelephone.com info@midvaletelephone.com

MTE "Do Not Call" Policy

Midvale Telephone does not call customers for sales or marketing purposes and thus does not maintain an internal "Do Not Call" listing. If we have new or additional services available, we will send you that information in the form of a bill stuffer and/or post the information on our website, www.midvaletelephone.com. If you receive a call from someone claiming to be from Midvale Telephone and they are asking you to buy or subscribe to something, you should be immediately suspicious. We may still contact you, however, for non-solicitation purposes. This would include things like surveys, billing and other service-related matters. For nearly a century, customers have counted on Midvale Telephone to respect and protect the privacy of information we obtain in the normal course of providing service. While we are working hard to serve you in new and exciting ways, our commitment to protecting your privacy remains as strong as ever.

Limitations of Service: MTE provides dial-tone services to the customer premises, usually marked by a network interface device. Customers are responsible for all inside wiring and any telecommunication devices they choose to connect to our network. MTE is not responsible for any damage to same while connected to the network. If customer-owned wire or equipment is suspected of jeopardizing the integrity of the overall network, MTE will act to protect the network. All service orders and trouble reports will be responded to promptly, in the order they are received, and in accord with all state applicable rules and regulations. MTE cannot be responsible for any loss of business due to a service outage and cannot guarantee service at any specific time. Please see our tariff on file with your state utility commission for full disclosures and limitations.
