Re: Cascade Adventures, Inc. request for charter permit

September 15, 2009

To Whom It May Concern:

Cascade Adventures, Inc. provides daily shuttle service to and from Mt. Baker Ski Area during its normal winter operations. Pursuant to the new Washington state law ESB 5894, we would like to request a charter permit as we provide non-essential recreational services.

Last May, we voluntarily relinquished our pending petition, docket number 090707, as well as our auto transportation certificate (C-63530). Since we are a seasonal operation, we do not wish to continue our insurance policy year round. Therefore, we will reapply for a charter permit every year before our season begins (approximately November) and will withdraw our permit at the end of the season (beginning of May).

Thank you for your time. If you have any questions or concerns, please do not hesitate to contact us.

Sincerely,

Anne Baker  
Secretary
