Re: Point Recycling Special Cleanup and Drop Box Financial Projections

Dear Penny,

Historical data from Point Recycling indicates a projected average annual non-pass through revenue of approximately \$8,000. This is obviously insufficient to fund a stand-alone operation. We can provide these services with existing equipment from our current operations. There is no way to make this economically viable or profitable considering that several unlicensed Canadian drop-box companies are operating in Point Roberts. This is an activity that can provide a few more hours a week of employment for my drivers and to share some equipment costs as able.

The goal is to provide an essential service and to have rates that cover the direct costs and reasonable allocation of overhead.

Projected Revenue:	\$8,000.00
Admin and Office Expense:	\$2,000.00
Direct labor:	\$5,000.00
Fuel and Truck Expenses:	\$1,000.00

Revenue over expenses: Zero

Allocation Methodology:

Direct Labor expenses fully allocated bases on billed hours
Administration allocated at \$1,500 per year
Office/billing/postage and utilities allocated at \$500.00 per year
Fuel and Truck expenses allocated based on operational hours of equipment
Business taxes allocated as actual

I expect that after a base-year of operations, the allocated expenses will exceed revenue. Rates will be set at a level that is acceptable to the customers and to cover a reasonable level of company expenses

Sincerely,

Arthur Wilkowski, Owner/Operator

Dear Sirs:

This filing is submitted by: Points Recycling and Refuse L.L.C. d/b/a Point Recycling and Refuse Company.

Point Recycling is seeking Expedited Temporary Authority; Temporary Authority; and Permanent Authority to service that area of Whatcom County known as Point Roberts, formally served under G-155.

Point Recycling is only proposing to provide Special Cleanup and Drop-Box Service to this territory. The Company does not believe that there is enough customer volume to fund full roadside garbage collection services. There is an urgent need for on-call services by many members of the community. This need should be met immediately while long-term solutions are considered by the Commission and Whatcom County. Granting of Temporary or even Permanent Authority does not prohibit other future options such as the Commission's granting of a parallel certificate for roadside collection or; if the Commission finds no suitable applicant, Whatcom County contracting with a Canadian garbage/recycling company to provide roadside service. Separating on-call services would actually make finding a Canadian service provider easier.

Point Recycling has served the Point Roberts community for over 10 years with a high level of customer satisfaction. We were deeply saddened that we were forced by actions of Whatcom County and a handful of people to surrender our Certificate G-155. Despite an uncertain future, we have continued to serve as we are able. It is because of our dedication and commitment that solid waste and recyclables continue to be transported from this community without interruption and minimal complaints.

While we are unable to provide the services of a full certificate due to the economic limitations of this small territory, we are proposing those services we can provide for our community.

If you have questions regarding this filing, please contact Arthur Wilkowski. Phone number 360-945-1516, Fax 360-945-0414, E-mail prandr@pointroberts.net.

Sincerely,

Arthur Wilkowski, Owner/Operator
