Re: Compliance with WAC 480-107-055, Schedule of Estimated Avoided Cost

Dear Mr. Danner:

Enclosed for filing, please find Puget Sound Energy, Inc.'s ("PSE") schedule of estimated avoided cost, pursuant to WAC 480-107-055. An electronic copy of the same is being submitted through the Records Center Web Portal.

The schedule of estimated avoided cost does not provide a guaranteed contract price for electricity. As indicated in WAC 480-107-055 (4), this schedule provides only general information to potential bidders about the costs of new power supplies.

As provided for in WAC 480-107-055 (2), this schedule of estimated avoided cost is based upon estimates of current projected market prices for power included in PSE's integrated resource plan, which was filed with the WUTC in July 2009, in accordance with WAC 480-100-238.

If you have any questions about the information contained in this filing, please contact Eric Englert, Manager, Regulatory Initiatives & Tariffs, at 425-456-2312. Any other questions about this filing may be directed to me at 425-462-3495.

Sincerely,
