Insurance Binder Notification

State law requires you to file and maintain proof of public liability and property damage insurance to keep your permit active with the Washington Utilities and Transportation Commission. We have received an insurance binder that is valid for up to 60 days. You must file a Form E insurance certificate within these 60 days or your permit will be suspended.

What happens if a Form E insurance certificate is not filed within 60 days?

If your insurance certificate (Form E) is not filed by April 18, 2010 we will send you an order suspending your operating authority.

What happens if my operating authority is suspended?

If your operating authority is suspended, you must stop your operations until we receive proof of insurance (Form E) and send you an order that removes the suspension. If you do not file proof of insurance within 30 days after the service date of the suspension order **we will cancel your authority without further notice.**

What if I do not agree with the suspension or cancellation of my permit?

If you do not agree you may file a written request for a hearing within 10 days following the date of this notification. Once we receive your written request we will notify you of the date, time and location of the hearing. **NOTE:** At the hearing the only issues we can address are whether you had proof of insurance on file during the period of suspension, and whether you have proof of insurance on file to avoid cancellation.

Where do I send my request for a hearing?
