Dear Mr. Danner:

Pursuant to WAC 480-143-190, Avista Corporation provides this 2009 Annual Filing of Property Transferred Without Authorization. In 2009, the Company had two transactions of transferred property that exceeded this rule's reporting threshold of 0.01% of Avista's last rate base established by the Commission in Docket Nos. UE-090134 and UG-090135. For electric rate base, this 0.01% reporting threshold equals \$98,630 and for natural gas operations the threshold is \$15,997.

The transactions exceeding this amount are as follows:

1) Scrap Transformers with a scrap value of \$254,278 (system). The detail is provided in the attached spreadsheet.

2) Salvaged metal with a scrap value of \$715,792 (system). The detail is provided in the attached spreadsheet.

An affidavit is attached, stating that none of these items was necessary or useful to perform Avista's public duties and that the Company received fair market value for these items. This Report does not include property disposed of in other jurisdictions.

Please direct any questions on this matter to me at (509) 495-4975.

Sincerely,

Linda Gervais
