Re: Argosy LP Docket Number TS-082160

Dear Mr. Danner:

My office was recently contacted by a Ms. Penny Ingram of your office informing me that for some reason Docket Number TS-082160 effective April 13, 2009 failed to remove an abandoned certificate.

By way of background, we run a 2-1/2 hour seasonal narrated tour between the central waterfront of downtown Seattle in through the US government locks, with the tour terminating at the south end of Lake Union. Customers are then returned to the waterfront via a licensed bus service.

Previously the UTC had held, for whatever reason, the tour constituted a regulated route. Based on a mutual agreement we abandoned the certificate since the tour was not a passenger ferry service under the terms of the certificate.

Please take whatever administrative steps are necessary to remove the unnecessary documents (as shown to the Docket attached) so that only our Elliott Bay Launch service remains of the certificates we actively operate.

Should you have any questions please contact me at (206) 623-1445

Sincerely,
Argosy LP

Kevin Clark
