Re: Request for Extension

Dear Executive Secretary:

This letter serves as our request for an extension of time to file the 2009 Solid Waste Collection Companies Annual Report. We are currently in the process of having our financial information reviewed by an outside CPA. We feel that an extension of time to file would allow us to file a more accurate annual report by including any adjustments suggested during the review process.

Attached is payment of our estimated regulatory fees based on our financial information before any review adjustments.
