RE: Pacific Northwest Telco, Inc. – Request for Cancellation of Registration

Dear Ms. Washburn:

Enclosed for filing with the Washington Utilities and Transportation Commission (“Commission”) is a copy of Pacific Northwest Telco, Inc.’s (“PNT”) *Request for Cancellation of Registration* (“Request”). By its Request, PNT requests that its Registration for the provision of interexchange telecommunications and data services in the State of Washington be cancelled.

PNT does not provide, nor has it since its inception provided, telecommunications services. PNT has instead served as a non-regulated marketing agent, selling telecommunications services provided, billed, and supported by regulated telecommunications providers under the providers’ own brands. PNT’s submission of annual reports and other compliance filings has been done entirely on a voluntary basis in anticipation of the Company’s entry into the telecommunications market in the future. Its success as a non-regulated marketing agent has led the Company to conclude that it will not enter the telecommunications market for the foreseeable future. PNT clearly recognizes that should it elect to provide regulated telecommunications services, it will need to reapply for registration and comply with applicable regulations at that time.

Please acknowledge receipt of this filing by return e-mail notification. Thank you for your attention to this matter. Questions may be directed to the undersigned.

Sincerely,

MILLER ISAR, INC.
