On November 25, 2009, the Company entered into a committed line of credit agreement with JPMorgan Chase Bank, N.A. and UBS Securities LLC, as Co-Documentation Agents, Wells Fargo Securities, LLC, as Syndication Agent, Union Bank, N.A., as Administrative Agent, KeyBank National Association, and U.S. Bank National Association in the amount of \$75.0 million with an expiration date of April 5, 2011. The new \$75.0 million committed line of credit replaces a \$200.0 million committed line of credit that expired on November 24, 2009 and is in addition to the Company’s current \$320.0 million committed line of credit that expires on April 5, 2011. Avista Corp. may elect to increase the committed line of credit by up to \$25.0 million under the same agreement. The committed line of credit is secured by \$75.0 million of non-transferable First Mortgage Bonds of the Company issued to the agent bank. Such First Mortgage Bonds would only become due and payable in the event, and then only to the extent, that the Company defaults on its obligations under the committed line of credit.

Schedule of retired, refunded, repurchased, or otherwise removed

The Company did not have any scheduled maturities in 2009, but the Company did redeem its Junior Subordinated Debt Securities issued to an affiliated trust AVA Capital III, at 100 percent of the principal amount (\$61.9 million) plus accrued interest. The Company's net redemption of \$60.0 million was funded by borrowings under its \$320.0 million committed line of credit agreement, that would later be termed out by the issuance of the 5.125% bonds issued in September 2009.

The company repurchased the \$17 million of outstanding Pollution Control Revenue Bonds and plan to reissue it along with the \$66.7 million in 2009. However, so long as Avista Corp. is the holder, the bonds will not be reflected as an asset or a liability on Avista Corp.'s Consolidated Balance Sheet.

Schedule of securities scheduled to mature in the calendar year of 2010

During 2010, the Company has a total of \$35 million of securities scheduled to mature.
