Dear Mr. Danner:

Enclosed are the original and three copies of the above-referenced tariff pages. The purpose of this tariff filing is to create more flexibility in the ISDN offering by allowing customers to subscribe to less than 23 B channels. The filing also reduces rates for some services and includes a charge for the DID component of the service separately. The existing DID rates on Schedule 44 (Sheet 70) are reduced to be consistent with the DID rates for ISDN.

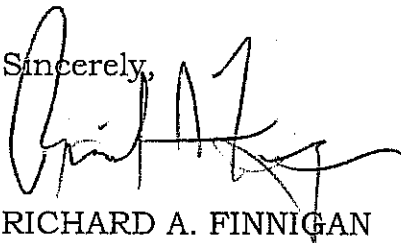

Since this filing will result in a reduction in charges to current customers, a customer notice has not been provided.

If you have any questions concerning the specifics of the filing, please contact Mr. Rick Vitzthum at (360) 264-3155.
