1. The Property Owner is receiving water service on a Group B water system. The Property Owner desires to abandon service from said Group B system and obtain water service from Rainier View and connect to Rainier View's water system.
2. Rainier View owns and operates a public water system, and is willing to provide water service to Property Owner under the terms of this Agreement and its tariff.

**NOW, THEREFORE**, in consideration of the mutual promises and benefits to be derived, it is agreed as follows:

**AGREEMENT**

2. Property Owner shall abandon service connection to the Group B water system and warrants and represents that such service connection to the Group B water system shall at no time be reactivated.
3. Property Owner covenants and agrees to install a back flow prevention and leak detection device or devices, which will be installed at Property Owner's sole cost. Such

device or devices must be certified as operational before Rainier View provides service to Property Owner under this Agreement. Property Owner covenants and agrees that it shall hold Rainier View and Rainier View's officers, directors, employees and agents harmless from any defect or omission in the design, construction or operation of Property Owner's water system, including but not limited to, any contamination of any nature whatsoever of Rainier View's water system.

4. Property Owner covenants and agrees that it shall be responsible for maintaining the back flow prevention and leak detection device or devices in working order. The back flow prevention and leak detection device or devices shall be inspected and tested at Property Owner's expense by Washington Certified Back Flow Assembly Tester as required by WAC 246-1090-490. The Property Owner may contract for the back flow certification with any Washington Certified Back Flow Assembly Tester. As used in this Agreement, Date of Acceptance is the date of payment by Property Owner of all sums owed by Property Owner under this Agreement.

7. Nothing in this Agreement entitles Property Owner or Property Owner's successors or assigns to connect to Rainier View's water system, except in accordance

with the terms, conditions and charges in Rainier View's tariff filed with the Washington Utilities and Transportation Commission.

8. Rainier View does not warrant delivery of any specific quantity of water, and Rainier View's Standards and Conditions, copies of which are available at Rainier View's office, are designed to produce only the minimum state standards in effect at the time of this Agreement. Such standards may not be sufficient for large lots, agricultural use or highly landscaped lots. Property Owner is relying on Property Owner's own knowledge to determine the adequacy of the state service levels to meet Property Owner's needs and those of Property Owner's assigns and successors in interest.

Payment of the sums under this paragraph shall be due and payable within five (5) days of the date this Agreement is approved by the Washington Utilities and Transportation Commission, which approval may occur by the passage of time (thirty days after filing).

10. Property Owner shall pay to Rainier View TWO HUNDRED Dollars (\$200.00) for Rainier View's attorney fees for the development and filing of this Agreement.

11. This Agreement may be terminated by Rainier View, at Rainier View's discretion, upon ten (10) calendar days' written notice to Property Owner, if Property Owner fails to pay any amounts due under this Agreement when due. **TIME IS OF THE ESSENCE IN THIS AGREEMENT.**
