Re: Request for Certification Pursuant to WAC 480-123-060 and 47 C.F.R.
54.314

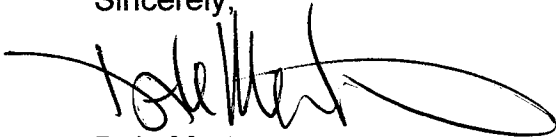

Dear Ms. Washburn:

Pursuant to WAC 480-123-060, The Toledo Telephone Co., Inc. ("Company") hereby requests that the Washington State Utilities and Transportation Commission certify that the Company has met the requirements of 47 C.F.R. 54.314 for eligibility for continued receipt of federal high-cost funds.

The certifications and reports that are specified in WAC 480-123-060, WAC 480-123-070 and WAC 480-123-080 are enclosed.

The Company would also like to make particular note of our outreach efforts for Lifeline and WTAP to our subscribers. For the Commission's information, in addition to basic Lifeline advertisement covered in the enclosed certification, the Company distributes Lifeline/WTAP information to schools and social services in our serving area.

Sincerely,

Dale Merten

**AFFIDAVIT CONTAINING CERTIFICATIONS
PURSUANT TO WAC 480-123-060 AND WAC 480-123-070**

I, Russell Ramsey, being of lawful age, state that I am Vice President of The Toledo Telephone Company, Inc. ("Company"), that I am authorized to execute this Affidavit on behalf of the Company, and that the facts set forth in this Affidavit are true to the best of my knowledge, information and belief. On this basis, I hereby certify to the Washington Utilities and Transportation Commission ("Commission") for use by the Commission in providing the certification to the Federal Communications Commission and Universal Service Administrative Company required by 47 C.F.R. §54.314, as follows:

(1) That the Company will use federal high-cost universal service fund support only for the provision, maintenance and upgrading of the facilities and services for which the support is intended;

(2) That during the 2009 calendar year, the Company met substantially the applicable service quality standard found in WAC 480-123-030(1)(h);

(3) That during the 2009 calendar year, the Company maintained the ability to function in emergency situations under the standard found in WAC 480-123-030(1)(g), as such standard relates to functionality of wireline carriers in emergency situations; and

(4) That during the 2009 calendar year, the Company publicized the availability of its applicable telephone assistance programs in a manner reasonably designed to reach those likely to qualify for service and in a manner which, in the Company's judgment, included advertisements likely to reach those who are not current customers of the Company within the Company's designated service area.

I certify under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

Dated this 27th day of July, 2010, at 9:00 AM.

**REPORTS AS REQUESTED BY WAC 480-123-070
AND WAC 480-123-080**

The Toledo Telephone Co., Inc. (the "Company") hereby submits the following reports in accordance with WAC 480-123-070 and WAC 480-123-080.¹

Report 1: WAC 480-123-070(1)(a): Attached is a copy of the Company's NECA Report for the calendar year 2009, that, as of the date of the report, the Company has reported as the expected basis for support from the federal high-cost fund.

Report 2: WAC 480-123-070(1)(b): The Company reports that the investments and expenses reported under Report 1, above, benefited customers as follows:

Through the expenditure of these funds, the Company was able to continue to provide services at a level that the Company believes meets the intent set forth in 47 U.S.C. §254 of providing high quality telecommunications services to customers in the service area for which the Company is designated as an ETC.² The Company has made substantial investments over the past several years which allow it to provide quality telecommunications services to its customers in its designated ETC service area. Those expenditures and investments, including those reflected in Report 1, above, generally benefit all customers receiving the federal high-cost fund supported services from the Company within its designated service area. In addition, during 2009, the Company was engaged in several critical investment projects within its designated ETC service area as described below:

The Company has expanded its facilities to cell tower locations within our exchange provide fiber optic connectivity to T-Mobile, AT&T Wireless, Verizon Wireless, Sprint and Nextel. Wireless providers have dramatically increased special access facilities and The Company anticipates demand to rise.

The company is replacing aging copper facilities within the City of Toledo with Fiber Optic Cable which will serve residential, business, governmental, K-12 and recreational customers.

Report 3: WAC 480-123-070(4): The Company reports that the Company is not aware of any complaints, nor was the company contacted during calendar year 2009 by the Federal Communications Commission or the Consumer Protection Division of the Office

¹ It is the Company's understanding that it is not required to submit the reports described in WAC 480-123-070(2) and (3).

² The term "ETC" is used in the same sense as the term is used in Chapter 480-123 WAC.

of the Attorney General of the State of Washington concerning the services provided to its customers by the Company that are either subject to the regulatory jurisdiction of the Washington Utilities and Transportation Commission or among the services supported by the federal high-cost fund.³

Report 4: WAC 480-123-080(1)(b): The Company reports as follows:

As they are known to the Company at the date of this Report, the planned investment and expenses related to Washington state for the period January 1, 2010, through December 31, 2010, that the Company expects to use as a basis to request federal high-cost support are expected to have relatively similar expenses the Company has set forth in its information filed under Report 1. The Company expects that levels of expenses will see a similar increase as those it experienced in calendar year 2009, subject to the effects of inflation and other commonly experienced changes in cost of labor and materials. The Company does not anticipate major adjustments in staffing levels for the relevant period.

The Company's investment plans directly affecting federal high-cost supported services offered by it in its designated ETC service area include several major construction projects at the present time: Phase one, currently underway consists of overbuilding the downtown Toledo area with fiber optic cable. Over the next five years, the Company plans to built-out fiber to those areas currently served by copper facilities that have reached full depreciation and/or are known to be degrading service due to the age of the facilities. Funding for these projects will be provided through the UDSA RUS Loan Program and is expected to total \$19 million upon the completion target date of December 31, 2014.

The Company expects that it will have relatively the same level of investment related to maintenance, replacement and minor upgrades of equipment and plant as occurred in calendar year 2009. The Company has completed its budgeting process and provides final numbers prepared for investment and expense levels for 2010 as attachment "A"

The expected benefit to customers from the anticipated investment and expenditures is that customers will continue to receive a high level of telecommunications service and have access to advanced services delivered via fiber optics.

Report 5: WAC 480-123-080(2): Existing copper facilities for the Company have been in use beyond reasonable life expectancy. In most cases, the copper has been in use over 25 years and is beyond usefulness. Thus, the Company has begun overbuilding our entire exchange with fiber optic facilities. Phase 1 is currently underway and is located within the City of Toledo. Phase 2 will include the area immediately surrounding the City of Toledo. Subsequent phases will be identified around the existing CSA's the Company

³ The references to the services supported by the federal high-cost fund is to the services designated for support as set forth in 47 C.F.R. §54.101(a).

has currently established. The overall project will consist of 100% buried fiber facilities to all our subscribers. This will require a significant investment in fiber, electronics, optical terminals and labor. Without access to federal high-cost support funds The Company would not be able to undertake even a small portion of a project with this scope. Without these upgrades to The Company's facilities, our customers would likely never have access to the opportunities that fiber to the home has to offer. The Company expects that it will continue use federal high-cost support funds in 2010 in a manner that will enable the Company to continue to provide the supported services at rates that are comparable to the rates for such services in urban areas.

Major Outage Report

On August 3rd, 2009 Toledo Telephone customers experienced a major outage. Calls into and out-of the 864 exchange were not possible. The outage affected 911 calls, long distance and EAS. Calls between 864 prefixes were not affected. The outage was seven hours in duration. 911 calls were re-routed to the local Toledo Fire department. The City of Toledo and the Mayor for the City of Toledo were notified. WUTC was notified via email (see text below).

The outage was caused by Qwest equipment in the circuit path between Castle Rock WA and Vancouver WA.

Mr. Weinman,

As of 11:00 AM today, August 3, 2009

Toledo Telephone experienced a major telephone outage, e.i. no one is able to call in or out of Toledo via an 864 prefix. This problem has been isolated to the Qwest office in Vancouver.

Cell phones do work.

911 calls have been rerouted to the Toledo Fire Dept.

The Mayor of Toledo has also been notified.

We do not have an expected time of repair nor the cause .

I will apprise you when the problem is resolved.

In instances where a deposit may be required by the utility, the deposit shall not exceed two-twelfths of estimated annual billings.

REFUND OF DEPOSITS

Deposits plus accrued interest shall be refunded under the following circumstances:

- Where the customer has for six consecutive months paid for service when due, without receiving delinquency notices.
- Upon termination of the service, the utility shall return to the customer the amount on deposit plus accrued interest, less any amounts due to the utility by the customer for service rendered.
- Nothing shall prevent the requirement of a larger deposit or a new deposit when conditions warrant.

DELINQUENCY

The Toledo Telephone Co., Inc.'s, bills are sent monthly to customers on or around the first of each month. That month's bill becomes delinquent 15 days thereafter.

DISCONTINUANCE OF SERVICE

To discontinue service with Toledo Telephone Co., Inc., please contact our business office.

The Telephone Company may discontinue service for nonpayment of bills. The Telephone Company may require that bills for service be paid within a specified time after issuance. The minimum specified time shall be 15 days. Upon the expiration of said specified time the bill will be considered delinquent.

HANG UP ON OBSCENE PHONE CALLS

Hang up immediately. That's the best advice for handling an obscene or nuisance telephone call. Don't say one word and don't make any noises. Most annoyance calls are placed at random to see what the response will be. If the callers get no such satisfaction, they usually will stop.

If these calls continue, report them to your telephone company's Business Office. If you are threatened or fear personal harm, call the police.

Basic Service

The Toledo Telephone Co., Inc. has been the local Telephone Company serving the Toledo area since 1906. We began business when no one else would provide telecommunication services because of the higher costs in serving rural areas of Washington.

We have served and intend to continue to serve both residential and commercial customers in our rural communities with quality telecommunications services at competitive rates.

The Toledo Telephone Co., Inc is an "Eligible Telecommunications Carrier" for its service area, for universal service purposes. The goal of universal service is to provide all citizens access to essential telecommunications services.

In addition to our basic telephone services, we bring advanced telecommunications services to our rural communities, including Internet access, high-speed data services, special calling features and voice mail. Our basic services are comprised of several components, which at minimum, include:

Service Provided	Monthly Charge	
	Residence	Business
Single party voice grade access To the public network, including	\$10.94	\$11.00
Unlimited local calls		
Touch calling	No charge	No charge
Access to emergency 911 services State/County mandated surcharges	.20 /	.50

Access to operator services - There is no charge from The Toledo Telephone Co., Inc for the ability to call the operator. However, the call may involve a charge depending on the service requested and the rates of the company whose operator handled the call.

Access to directory assistance - There is no charge from The Toledo Telephone Co., Inc. for the ability to call Directory Assistance; however, the call will involve a Directory Assistance charge, the amount of which depends on the area called and the rates of the company whose operator provided the information.

Access to long distance carriers - There is no charge from The Toledo Telephone Co., Inc. for the ability to place and receive calls through long distance carriers that offer service through our network. However, the call may involve a charge from the long distance carrier depending on the type of call.

These services are available to all consumers of The Toledo Telephone Co., Inc. The costs associated with each are reflected each month on the regular telephone bill along with other charges for services provided by The Toledo Telephone Co., Inc. The services listed above are the basic services offered by our company. Other services including Telecommunications Relay Service, TRS, and services for the disabled, are available by contacting The Toledo Telephone Co., Inc.'s business office at (360) 864 4552.

The Toledo Telephone Co., participates in the Federal Lifeline and Link-Up Programs as well as the Washington Telephone Assistance Program ("WTAP"). Under these programs, The Toledo Telephone Co., offers to qualifying low-income customers a discount off the monthly rate for basic residential exchange service. The Toledo Telephone Co., current discounted monthly rate for Lifeline residential service is \$8.00, while the installation charge for such service may be discounted under the Link-Up Program and WTAP by up to \$25.00.

Toll limitation services - Currently there is no charge from The Toledo Telephone Co., for toll blocking service to low-income customers participating in the Lifeline program.

The Toledo Telephone Co., Inc. has been the local Telephone Company serving the Toledo area since 1906. We began business when no one else would provide telecommunication services because of the higher costs in serving rural areas of Washington.

We have served and intend to continue to serve both residential and commercial customers in our rural communities with quality telecommunications services at competitive rates.

The Toledo Telephone Co., Inc is an "Eligible Telecommunications Carrier" for its service area, for universal service purposes. The goal of universal service is to provide all citizens access to essential telecommunications services.

In addition to our basic telephone services, we bring advanced telecommunications services to our rural communities, including Internet access, high-speed data services, special calling features and voice mail. Our basic services are comprised of several components, which at minimum, include:

Service Provided	Monthly Charge	
	Residence	Business
Single party voice grade access		
To the public network, including		
Unlimited local calls	\$10.94	\$11.00
Touch calling	No charge	No charge
Access to emergency 911 services		
State/County mandated surcharges		

20 / 50

Access to operator services - There is no charge from The Toledo Telephone Co., Inc for the ability to call the operator. However, the call may involve a charge depending on the service requested and the rates of the company whose operator handled the call.

Access to directory assistance - There is no charge from The Toledo Telephone Co., Inc. for the ability to call Directory Assistance; however, the call will involve a Directory Assistance charge, the amount of which depends on the area called and the rates of the company whose operator provided the information.

Access to long distance carriers - There is no charge from The Toledo Telephone Co., Inc. for the ability to place and receive calls through long distance carriers that offer service through our network. However, the call may involve a charge from the long distance carrier depending on the type of call.

These services are available to all consumers of The Toledo Telephone Co., Inc. The costs associated with each are reflected each month on the regular telephone bill along with other charges for services provided by The Toledo Telephone Co., Inc. The services listed above are the basic services offered by our company. Other services including Telecommunications Relay Service, TRS, and services for the disabled, are available by contacting The Toledo Telephone Co., Inc's business office at (360) 864 4552.

The Toledo Telephone Co., participates in the Federal Lifeline and Link-Up Programs, as well as the Washington Telephone Assistance Program ("WTAP"). Under these programs, The Toledo Telephone Co., offers to qualifying low-income customers a discount off the monthly rate for basic residential exchange service. The Toledo Telephone Co., current discounted monthly rate for Lifeline residential service is \$8.00, while the installation charge for such service may be discounted under the Link-Up Program and WTAP by up to \$ 25.00.

Toll limitation services - Currently there is no charge from The Toledo Telephone Co., for toll blocking service to low-income customers participating in the Lifeline program.
