The Parties propose a transaction whereby 5LINX will acquire all of Stockholders' shares in TMC. This transaction does not involve transfer of operating authority nor any transfer of customers. The transaction will only involve a change of the ultimate control of TMC, by virtue of the transfer of stock from the Stockholders to 5LINX. Tri-M Communications, Inc. d/b/a TMC Communications ("TMC") is a California corporation headquartered at 820 State Street, 5th Floor, Santa Barbara, California 93101. The proposed transaction will accomplish the following:

5LINX will acquire 100% of the stock in TMC from Stockholders. The proposed transfer will be seamless to TMC's customers. TMC's name, rates and service offerings, as reflected in its tariffs, will not immediately change as a result of the proposed transaction.^{4/} There will be no interruption of service. The physical assets, property, and personnel of TMC will remain substantially the same after the change in control. The customer service numbers for billing and service problems, liaison with Commission staff and tariffed rates will remain the same.

The proposed transaction will serve the public interest, convenience, and necessity. Consummation of the proposed transaction will result in net benefits to TMC's customers by strengthening the overall financial status of TMC. The transaction will enhance TMC's ability to offer a broader range of innovative products and services to customers.

The Commission's ability and authority to regulate TMC and to ensure that it satisfies all obligations, commitments and regulatory requirements established by the laws of this state and the Commission will remain unchanged. Thus, there are no potential public interest harms raised by the proposed transaction and there will be clear benefits to the public upon the closing of this transaction.

1 TMC provides long distance services in 48 states and local services in 5 states.
