Provide the following documents with your application:

- A map of the proposed line, route, or service territory that meets the standards described in WAC 480-30-051 (Exhibit 1)
- Support statements for temporary authority (if applicable)

Describe the proposed service including the line, route, or service territory description in terms such as streets, avenues, roads, highways, townships, ranges, cities, towns, counties, or other geographic descriptions.

BETWEEN: Seattle and the Seattle-Tacoma Airport.

LIMITATIONS:

1. Service hereunder is expressly limited to the transportation of airline passengers and flight crews between Seattle-Tacoma Airport on the one hand, and hotels and air and ground transportation offices and facilities in Seattle on the other hand, at rates substantially higher than the fares of regular common carriers.
2. No express service may be rendered hereunder except in the carrying of baggage and excess baggage of passengers and flight crews.
3. No service may be rendered hereunder from, to or between intermediate points.

The following authority in the section of the certificate involving transportation between Seattle and the Seattle-Tacoma Airport is **RETAINED** in addition to all other authority in the certificate:

BETWEEN: Seattle and the Seattle-Tacoma Airport.

LIMITATIONS:

1. Service hereunder is expressly limited to the transportation of airline passengers and flight crews between Seattle-Tacoma Airport on the one hand, and water transportation offices and facilities in Seattle on the other hand, at rates substantially higher than the fares of regular common carriers.

3. No service may be rendered hereunder from, to or between intermediate points.

State the conditions that justify the granting of this application.

This service has been operated for many decades and provides a valuable and popular public service. Because it is geared to a high-volume route directly from SeaTac Airport to larger downtown Seattle hotels, it is a fast and economically efficient ground transportation alternative for air travelers, especially those needing assistance with luggage and staying at the major hotels. Competition from subsidized public transit has reduced passenger volumes in recent years. Transfer of the service to Shuttle Express will enable greater efficiency by being able to operate in smaller vehicles properly scaled to the current passenger volumes, which may also lead to improved service.

Do other auto transportation companies currently provide service between any of the points or along any portion of the route you propose to serve?

No Yes If yes, list the names and addresses of companies

What is your USDOT number? 1610028 (If you currently don't have a USDOT number, you can go online to www.fmcsa.dot.gov/online-registration to apply or call 360-596-3816 or 360-596-3803)

Do you currently hold, or have you ever held, an auto transportation certificate?

No Yes If yes, please indicate your certificate number: C-975

Have you ever applied for and been denied an auto transportation certificate?

No Yes If yes, please explain: _____

Have you been cited for violation of state laws or commission rules?

No Yes If yes, please explain: The commission ruled our independent operators were not legal.

SECTION 3 – TARIFF AND TIME SCHEDULE

If this application is for temporary authority, a new certificate, or extension of existing certificated authority, you must include a proposed tariff and time schedule that is in compliance with WAC 480-30-251 through WAC 480-30-436.

If this application is a transfer or a lease of authority from an existing certificate, you must either file a new tariff and time schedule at the same rate levels as on file, or you must adopt the current certificate holder's tariff and time schedule. To file a new tariff, use the standard tariff format attached to this application or an approved alternate format. Indicate which option you will use:

TEMPORARY CERTIFICATE SUPPORT STATEMENT

Temporary certificate applications must include signed and sworn support statements from one or more potential customers identifying all pertinent facts relating to need for the proposed service.

Applicant Name: Shuttle Express, Inc.

CUSTOMER SWORN STATEMENT RELATING TO THE NEED FOR SERVICE

Customer Name: Daniel A. Brown

Address: 12232 Densmore Avenue North, Seattle, WA 98133
Phone Number: 206-795-4166 Fax Number: _____ E-mail: _____

Describe the need for the requested service:

A scheduled direct van service between Seattle-Tacoma Airport and downtown Seattle hotels would provide fast service at low cost relative to taxis and share ride service like Shuttle Express.

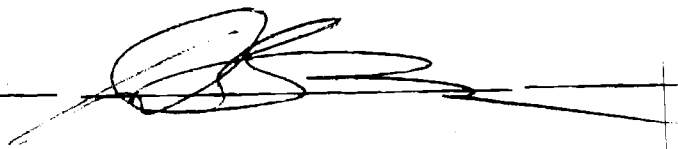

If there is an existing company providing this service in the territory, please indicate the existing company's name (if applicable): Not that I am aware of.

Phone Number: (206) 795-4166

Explain why the current company is not able to provide you service:

I believe Shuttle Express can operate this service more efficiently because it uses vans instead of buses. Evergreen Trails currently operates large, bulky buses. Although I cannot recall riding their bus, I have seen it stop at downtown hotels and I can't recall ever seeing more than a few people on it. I am very concerned about the environment and would prefer to see Shuttle Express's vans operating the service much closer to their capacity without wasting gas. I have arranged for my elderly mother to ride on Shuttle Express's vans, and they always gave her good service. It would be easier for her to get in and out of a van than a larger bus, since it is not as high off the ground. I think Shuttle Express would do a good job operating Evergreen's scheduled airport transportation service. If Shuttle Express were to operate Evergreen's scheduled airport bus service on a temporary basis, I would be willing to use the service for me or a family member.

I certify or declare under penalty of perjury under the laws of the state of Washington that the information contained in this statement is true and correct.
