**Re: Advice No. 2010-32
Natural Gas Tariff Filing – Filed Electronically**

Dear Mr. Danner:

Pursuant to RCW 80.28.060 and Chapter 480-80 WAC, please find enclosed for filing the following proposed revisions to the WN U-2, tariff for natural gas service of Puget Sound Energy, Inc. (the “Company” or “PSE”):

- 2nd Revision of Sheet No. 1183-D - Natural Gas Conservation Service (Continued)
- 2nd Revision of Sheet No. 1183-E - Natural Gas Conservation Service (Continued)
- 11th Revision of Sheet No. 1207 - Natural Gas Energy Efficiency Programs–Energy Education

The purpose of this filing is to provide updated details on the Company’s natural gas conservation programs so that they remain consistent with the changes to the electric programs in the contemporaneous electric filing under Advice No. 2010-31. That electric tariff filing was pursuant to condition K(8)(b) of the Electric Settlement Terms for Conservation in Docket No. UE-100177 and PSE’s 2011 Annual Conservation Plan, both of which were submitted under separate cover.

The Company and the Conservation Resource Advisory Group (“CRAG”) have met regularly to share and discuss plans for energy efficiency programs, budgets and goals for 2011. CRAG members were provided a complete copy of the tariff sheets included in the filing sixty days prior to the proposed effective date in accordance with the Settlement Stipulation adopted by the Commission in Docket Nos. UE-011570, UG-011571 and UE-011600; this has allowed the Company time to interact with the CRAG with comments and questions, if any. The Company has not received any comments or questions from CRAG members regarding this filing.

Exhibits 1 through 4 and 6, which reflect information for the 2011 year, will be posted on PSE.com as replacements for the present Appendices A through D which were for the 2010 year. The Appendices are renamed Exhibits and numbered to correspond with the Exhibits included in the filing of the Company’s 2011 Annual Conservation Plan. Exhibit 5 is comprised of tariff changes which are the subject of this filing.

It should be noted that natural gas service rates are not affected by this filing, since the filing does not include any requested change in the Natural Gas Conservation Service Tracker. That filing will be made on approximately March 1, 2010.

The tariff sheets described herein reflect an issue date of December 1, 2010, and an effective date of January 1, 2011. Posting of proposed tariff changes, as required by WAC 480-90-193, is being made by posting the proposed tariff sheets on the PSE web site immediately prior to or coincident with the date of this transmittal letter in accordance with WAC 480-90-193(1).

This tariff change does not increase recurring charges or restrict access to services. Therefore, notice of proposed tariff change, as required by law and the Commission's rules and regulations (including WAC 480-90-195(3)), is being given to the public immediately prior to, or coincident with, the date of this transmittal letter through web, telephone and mail access in accordance with WAC 480-90-193.
