Re: Summit View Waterworks - Original Sheet No. 25 and Original  
Sheet No. 26

Dear Mr. Danner:

Enclosed are the original and three copies of the above-referenced tariff sheets. The purpose of this filing is to introduce two new charges. Original Sheet No. 25 contains Schedule No. 5, a Facilities Construction Surcharge. This Facilities Construction Surcharge applies to existing customers. It is to fund a portion of the construction of a new well. That well is part of the Comprehensive Plan approved by the Washington State Department of Health. The well will provide increased reliability for existing customers and will allow continued growth of the customer base. The Facilities Construction Surcharge funds one-half of the project. The monthly rate is \$11.60 and it is designed to pay off a fifteen year note with a principal loan amount of \$115,000. The first five years of the note have an interest rate of 6.25%.

Original Sheet No. 26 establishes Schedule No. 6, a Facilities Charge. The Facilities Charge will be assessed on applicants for new service. It is in the amount of \$1,000. The purpose of this surcharge is to pay off the other half of the construction costs for the new well. This portion of the project is funded by a loan from the owners of the water company at the same interest rate that is available from the commercial bank for the other one-half of the project.

Page 2 of 2

By using both a Facilities Construction Surcharge and a Facilities Charge, the construction of the new well is shared between existing customers and new customers.

A construction budget for the project is included in the work papers. In addition, the bid for the main portion of the project, the construction of the well itself, is also included. A copy of the Customer Notice on the Facilities Construction Surcharge is enclosed. There is no notice required on the Facilities Charge since it applies to new customers.

Sincerely,

A handwritten signature in black ink, appearing to read 'Richard A. Finnigan', written over the word 'Sincerely,'.
