April 27, 2011

Under Rule 48070151 B&N Sanitary is requesting for approval of a service agreement between B&N Sanitary and Excess Disposal to transport Roll-on containers from our service area to Deer Valley Transportation Station in Newport Washington.

1. B & N will charge our customer at our tariff.
2. B & N will pay Excess at their hourly truck rate \$110.05 per hour.
3. We need to start as soon as the Commission can approve it. It will end when a new company owner can have a temporary permit to operate the company.
4. An Agreement termination will be with a 2 week written notice from either party.

I have been diagnosed with ALS and our company is for sale we have several interested parties bidding and will sell as soon as this process is complete.

I am asking for a waiver of 15 days rule because we have customers waiting in need of service. Our equipment is inoperative and with my disease I can not take care of this until I sell the business.

B & N St. L. Michael
