COMMISSION

Dear Commission:

T & T Professional Services wishes to file its tariff with the Commission. This initial tariff is in our company's name and replaces the Gamble Bay Water tariff we have been operating under. Attached are the following documents:

1. Initial tariff filing with an effective date of June 15, 2011.
2. Financial information and support documentation for tariff filing have been filed under our 2010 annual report. (submitted under separate cover)

We understand there is a review period and our tariff should become effective at the end of that time. This water system has been previously regulated by the Commission and we have not changed any rates, charges or polices not previously approved under Gamble Bay Water.

Please call me at 360-437-0540 if you have any questions.

Sincerely

Company Representative
