Ref. No. Docket PG-111029

June 10, 2011

Doug Cooper, HOA President  
Fairwind Condominiums  
2629 SW Nevada St  
Seattle, WA 98136

Dear Mr. Cooper:

**RE: 2011 Natural Gas Master Meter Standard Inspection – Fairwind Condominiums**

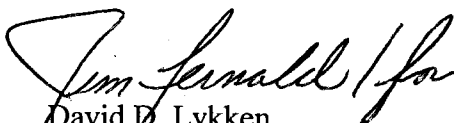

In a letter dated December 15, 2010, the Washington Utilities and Transportation Commission (commission) acknowledged your intent and plan to contact Puget Sound Energy (PSE) for the purpose of eliminating the natural gas master meter (MM) system located at the Fairwind Condominiums, located at 2629 SW Nevada St, Seattle, WA.

In our letter, we stated we would schedule a master meter natural gas inspection in 2011 if you decided to remain a master meter system. To date, we have not received any notification.

On August 30, 2011, at 11:00 am, staff will conduct a follow-up inspection to verify the master meter system has been eliminated. If it has not, a safety inspection of the master meter system will be conducted at that time.

We thank you for your cooperation in this matter. If you have any questions or need further assistance, please contact Patti Johnson at (360) 870-4915.

Sincerely,

  
David D. Lykken  
Pipeline Safety Director
