Re: Request for Extension

Dear Executive Secretary: David W. Danner

This letter serves as our formal request for a 30 day extension of time to file our 2011 Solid Waste Collection Companies Annual Report. The original due date is May 1, 2012. June 1, 2012 would be an ideal date to submit the final information. We are currently in the process of having our financial information reviewed by an outside CPA. We feel that an extension of time to file would allow us to file a more accurate annual report by including any adjustments suggested during the review process. I understand that we will still file our annual report by the deadline May 1st 2012 along with our payment for regulatory fees. Once our reviewed numbers are available, we will re-file and submit fees for the difference or expect a refund depending on the final analysis.
