Spoke with Lior. He knows I'm holding the letter until he removes the ad in the website.
 Lior, you need to take care of this ASAP.

Thanks

Subject: Washington state intrastate operating authority

Per our telephone conversation on May 7, 2012, you indicated that First USA Van Lines was not operating under the temporary Washington intrastate household goods permit (THG63799) that issued by the Washington Utilities & Transportation Commission on August 27, 2010. You indicated that a voluntary release of authority would be submitted. Does First USA still intend to voluntarily cancel its Washington intrastate authority? If so, I have attached another release of authority form for your convenience. Please advise me as soon as possible.

Thank You,
 John Foster
