Report 1: WAC 480-123-070(1)(a): Attached are copies of the Company's NECA-1 Reports for the calendar years 2010 and 2011, that, as of the date of the report, the Company has reported as the basis for support from the federal high-cost fund.

Report 4: WAC 480-123-080(1)(b): The Company reports as follows:

As they are known to the Company at the date of this Report, the planned investment and expenses related to Washington state for the period January 1, 2012, through December 31, 2012, that the Company expects to use as a basis to request federal high-cost support are expected to be relatively similar to those investments and expenses the Company has set forth in its information filed under Report 1, above, taking into account normal fluctuations in investment and expense levels. The Company expects that levels of expenses will remain relatively the same as those it experienced in calendar year 2011, subject to the effects of inflation and other commonly experienced changes in cost of

¹ It is the Company's understanding that it is not required to submit the reports described in WAC 480-123-070(2) and (3).

labor and materials. The Company does not anticipate major adjustments in staffing levels for the relevant period. The Company's investment plans directly affecting federal high-cost supported services offered by it in its designated ETC service area do not include a major construction project at the present time. Report 5: WAC 480-123-080(1)(a) and WAC 480-123-080(2): The Company reports as follows:

As they are known to the Company at the date of this Report, the planned investment and expenses related to Washington state for the period January 1, 2013, through December 31, 2013, that the Company expects to use as a basis to request federal high-cost support are expected to be relatively similar to those investments and expenses the Company has set forth in its information filed under Report 1, above, taking into account normal fluctuations in investment and expense levels. The Company expects that levels of expenses will remain relatively the same as those it experienced in calendar year 2011, subject to the effects of inflation and other commonly experienced changes in cost of labor and materials. The Company does not anticipate major adjustments in staffing levels for the relevant period. The Company's investment plans directly affecting federal high-cost supported services offered by it in its designated ETC service area do not include a major construction project at the present time. The Company has not completed its budgeting process and does not have final numbers prepared for investment and expense levels for 2013. The Company expects that the continued receipt of federal high-cost support will allow the Company to continue to provide the supported services at rates that are comparable to the rates for such services in urban areas. All customers in the Company's designated ETC service area will benefit from the expected level of support by continuing to have available to them services that are comparable to the telecommunications services offered in urban areas at rates that are comparable to the rates for such services in urban areas.
