AGREEMENT FOR SALE AND PURCHASE OF KALA POINT WATER SYSTEM

This Agreement is executed this 26th day of September, 2012, by and between KALA POINT UTILITY COMPANY, a Washington corporation ("Seller"), and PUBLIC UTILITY DISTRICT NO. 1 OF JEFFERSON COUNTY, a municipal corporation of the State of Washington (Purchaser"), for the sale and purchase of all assets comprising the water distribution system at Kala Point in Jefferson County, Washington.

RECITALS

A. Seller is a Washington business corporation which owns all of the real and personal property described in **Exhibit "A"** attached hereto ("the Assets"), which comprise the water distribution system ("the System") now serving a residential community in Jefferson County, Washington, known as "Kala Point", and certain additional areas located adjacent to that community. All of the area served by the System is described in **Exhibit "B"** attached hereto, and is hereafter referred to in this Agreement as "the Service Area." Seller wishes to sell the Assets.

B. Purchaser is a municipal corporation of the State of Washington, formed as a Public Utility District under the authority of R.C.W. Title 54, with corporate boundaries including all of Jefferson County. Pursuant to R.C.W. Chapter 54.16, Purchaser has the authority to acquire, operate, develop and maintain water distribution systems to provide domestic water service to customers in Jefferson County. Purchaser wishes to purchase the Assets.

C. The parties now wish to memorialize an agreement regarding the terms upon which the Seller will sell and the Purchaser will purchase all of Seller's real and personal property Assets which are used in the Kala Point water distribution System.

AGREEMENT

The parties therefore agree as follows:

1. Purchase and Sale. Subject to the terms and conditions of this Agreement, Seller hereby agrees to sell, transfer, convey and deliver to Purchaser, and Purchaser does hereby agree to purchase from Seller, effective upon the Closing date, all of the real and personal property Assets owned by Seller which are related, in any way, to the water distribution System at Kala Point in Jefferson County, Washington, including, without limitation, all Assets described in **Exhibit "A"** attached hereto. The parties agree that the sale includes all Assets used in, appurtenant to and necessary for the operation of the System, whether or not they have

been specifically listed in **Exhibit "A"**, except for those items designated at the end of **Exhibit "A"** as "Excluded Items."

2. Purchase Price. In consideration for the assignment, transfer, sale and delivery of the Assets to Purchaser, Purchaser agrees to pay a total price of One Million Two Hundred **Sixty-eight Thousand and no/100ths Dollars (\$1,268,000.00)**, payable as follows:

a. Loan Assumption. The sum of Ninety Thousand and no/100ths Dollars (\$90,000.00) payable by the Purchaser either assuming or, if necessary, paying off the existing loan balance now owing in approximately that amount on a Drinking Water State Revolving Fund ("DWSRF") loan from the State of Washington to Seller, under SRF loan number 98-78898-021. If, by the time of Closing, the balance owing on that loan, including accrued interest, exceeds \$90,000, Seller will pay to the State of Washington the excess above \$90,000.00 at Closing, so that Purchaser will only be required to assume or pay off principal and accrued interest of \$90,000.00. If the principal and accrued interest are less than \$90,000.00 at Closing, Purchaser shall pay to Seller the difference at Closing.

b. Down Payment at Closing. Purchaser shall pay the sum of Five Hundred Seventy-eight Thousand and no/100ths Dollars (\$578,000.00) in cash at Closing.

c. Installment Payments. Purchaser shall pay the sum of Six Hundred Thousand and no/100ths Dollars (\$600,000.00) in twelve annual installments of \$50,000 each, the first such installment to be paid on the first anniversary of the Closing, as evidenced by a Note to be delivered at Closing in the form attached hereto as **Exhibit "C"**. No interest shall accrue on the unpaid balance. The Note may be wholly or partially prepaid at any time.

The Purchase Price set forth above shall be allocated for tax purposes among the assets as set forth in **Exhibit "D"**.

3. Contingencies. Purchaser's obligations under this Agreement are contingent upon satisfaction of the following contingencies:

a. Purchaser must receive approval and the proceeds of a loan from the Washington State Public Works Trust Fund ("PWTF"), in an amount of not less than \$ _____, to be used to finance a portion of the Purchase Price.

b. The real property and the interests in real property being transferred hereby, including the well site, pumping facilities and all easements, shall be free and clear of any liens, mortgages, deeds of trust or other encumbrances of any kind, except (1) the DWSRF loan referred to hereinabove, which shall be assumed by Purchaser, and (2) those approved by Purchaser. Upon execution of this Agreement, Seller shall order and pay the premium for a

standard owners policy of title insurance for all real property included in the sale, as itemized in **Exhibit "A"**. The preliminary report and final title policy must show title to be insurable consistent with the foregoing standards and acceptable to Purchaser, in Purchaser's sole discretion.

c. The personal property being transferred hereby shall be free and clear of any security interests, liens, leases or other encumbrances, as confirmed by a UCC title search which shall be satisfactory to Purchaser in Purchaser's sole discretion. The cost of the title search shall be paid by Seller.

d. The financial books and records of the Kala Point water system, including billing systems, accounts receivable, schedules of rates and charges, shall be examined by Purchaser and must be found to be acceptable in Purchaser's sole discretion.

e. All components and appurtenances of the Kala Point water system shall be inspected by Purchaser and found to be in satisfactory condition and in full compliance with State and County regulations governing the operation of the System, in the sole discretion of Purchaser.

f. The foregoing contingencies must be either waived or satisfied to Purchaser's satisfaction by notice in writing given to Seller on or before September 25, 2012. If no such notice is given by that date, this transaction shall automatically terminate and this Agreement shall be null and void. Notwithstanding the foregoing, if all contingencies other than the PWTF loan contingency have been satisfied, the contingency period shall be extended for an additional two months during which the loan contingency must be either waived or satisfied.

4. Accounts Receivable. At the time of closing or within one week thereafter, Seller will bill all customers on the System for water consumed up to the Closing date. The proceeds from such billings will belong to Seller and Seller shall be responsible for collecting those proceeds. All billings for water consumed after the Closing date will be deemed earned by the Purchaser and Purchaser shall be responsible for billing and collecting those proceeds. If any of the accounts receivable retained by Seller are still unpaid 90 days after Closing, Seller shall have the option, to be exercised by written notice delivered to Purchaser between 90 and 100 days after closing (and not later), but not the obligation, to assign some or all of those accounts to Purchaser, in which case Purchaser shall be obliged to buy them, at a discount of 50% from their face value. Purchaser shall not be obliged to purchase any other accounts receivable from Seller.

5. No Assumption of Liabilities. The parties agree that Purchaser is purchasing only the Assets of the System, and that Purchaser is not purchasing or assuming any of Seller's liabilities or accounts payable, except for the DWSRF loan as specified in Section 2 above.

6. Employee Benefits. Seller will be responsible for and hold Purchaser harmless for any claims in respect of payment to employees of all salary, wages, commissions, overtime, or bonuses, plus any applicable payroll taxes and any and all other employee benefits accruing to Seller's employees under applicable wage and hour laws and employee benefit plans of Seller including, but not limited to, workers' compensation, medical, retirement, and profit sharing, all to the day of the Closing. Seller will pay employees for their services up to the day of the Closing, including, but not limited to, wages, commissions and bonuses. Purchaser does not agree to retain any of Seller's employees for future employment.

b. Marketable Title/Condition. Seller has good and marketable title to all of the Assets to be purchased by Purchaser hereunder, free and clear of any mortgage, pledge, lien, conditional sales agreement, lease, judgment, assessment or other claim, charge, or encumbrance of any kind or character, except for liens for current property taxes not delinquent, the materiality of which does not impair marketability. The real property (i) has all necessary access to public roads, electricity, water and other utilities used and necessary in the operations of the System, (ii) is not subject to any special assessment, condemnation or eminent domain proceeding, (iii) is not subject to any agreement that would preclude the transfer to the Purchaser or the continued operations by the Purchaser thereon, (iv) all improvements constructed thereon are within the boundaries thereof, do not encroach on any other parcel of adjacent real estate and, where appropriate, are set back from the boundaries to comply with all applicable codes and regulations covering the operations, and (v) no structure primarily located on another parcel of real property encroaches thereon.

The real property is zoned and permitted for its current use and the Seller is in compliance with all zoning laws and any applicable permit. The current uses of the real estate upon which the System components are located are not nonconforming or special uses or special exceptions, which uses could be terminated upon the transfer or sale of the Assets to the Purchaser; the current uses and improvements in the System are not "grandfathered" under any previous zoning laws or ordinances; and Seller has no knowledge of any contemplated changes under current zoning classification which would adversely affect the System.

For purposes of this Agreement, the terms "release" and "hazardous substances" shall have the definitions assigned thereto by the Federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9601, et seq., as amended ("CERCLA"). - (i) the falsity or the breach of any representation or warranty made by Seller herein or in any Schedule hereto;
- (ii) the breach of any covenant or agreement made by Seller;
- (iii) any debt, obligation, contract, or liability of Seller asserted against and/or satisfied by Purchaser which is not expressly assumed by Purchaser;

- (v) any claim or litigation existing before Closing or arising from events which occurred before Closing, whether or not known by Seller prior to Closing.

b. Indemnification of Seller. Purchaser shall indemnify and hold Seller harmless from and against any Damage resulting from, arising out of, or incurred with respect to, or (in the case of claims asserted against Seller by a third party) alleged to result from, arise out of, or have been incurred with respect to:

- (i) the falsity or the breach of any representation or warranty made by Purchaser herein;
- (ii) the breach of any covenant or agreement made by Purchaser herein;

- (iii) any debt, obligation, contract, or liability of Seller asserted against and/or satisfied by Seller which is expressly assumed by Purchaser hereunder; and
- (iv) the conduct of business by Purchaser using the Assets at any time after the Closing.

c. Notice of Claims. The party seeking indemnification (the "Indemnified Party") agrees to give the party from whom indemnification is sought (the "Indemnifying Party") timely notice of any claim with respect to which the Indemnifying Party has agreed to indemnify the Indemnified Party under this Section 14. Upon request, the Indemnified Party shall give the Indemnifying Party access to such information possessed by the Indemnified Party as the Indemnifying Party reasonably requests relating to such claim. The Indemnified Party may initially undertake the defense of any third party claim until the Indemnifying Party has acknowledged in writing that the Indemnifying Party is indemnifying the Indemnified Party with respect to any third party claim, whether or not involving litigation, at which point the Indemnifying Party will be entitled to assume the defense of any such claim; provided that the Indemnified Party may, at its election, participate (at its own expense) in such defense. At the Indemnifying Party's reasonable request, the Indemnified Party will cooperate with the Indemnifying Party in the preparation of any such defense if the Indemnifying Party reimburses the Indemnified Party for any expenses incurred in connection with such request. The Indemnifying Party will not settle any such claim for consideration other than money without the prior written consent of the Indemnified Party, which consent shall not be unreasonably withheld.

d. Payment. At any time that a claim is made under this Section 14 the party seeking indemnification shall be entitled to immediate payment in cash upon final resolution of the primary claim.

15. Right to Offset. In the event that any of the representations or warranties made by Seller are breached, and Purchaser is damaged or incurs costs arising from such a breach, Purchaser shall be authorized to withhold payment of the installment payments on the purchase price owing to Seller, until Purchaser has withheld sums which fully reimburse Purchaser for all such damages, including the attorneys fees and other costs of defending or pursuing any claims arising from such breach.

16. Change of Name. If, after the Closing of this transaction, Seller decides to keep the Seller corporation in existence, rather than dissolving the corporation, Seller agrees to change the name of the corporation to a new name which does not include the words "Kala Point."

17. Delivery of Assets: Risk of Loss and Business Transfer. Delivery of possession of the Assets purchased hereunder, and the Closing shall be deemed to have occurred upon delivery of the payment of the down payment on the day of the Closing and all risks of loss, whether or not covered by insurance, shall be on Seller until such time and upon Purchaser from and after such time. The delivery or possession of the Assets to be purchased hereunder shall be so arranged between Seller and Purchaser as to permit Purchaser to take over the operation of the

System without interruption.

18. Pre-Paid Water Services. Seller has accepted pre-payments for future water services from some customers. Seller will deliver a check to Purchaser at Closing for all of those prepayments, together with a schedule listing the names of the customers, the addresses of the customers' property and the extent to which each such customer has paid for water services beyond the Closing date. Purchaser will grant those customers a credit against future water bills in the amount of the prepayment.

19. No Finders or Brokers. Purchaser and Seller both represent that they have not dealt with any agent, finder, or broker, either in the nature of a finder's fee or otherwise, in connection with the subject matter of this Agreement, and that no commission, finder's fee or other such payment will be due upon consummation of this transaction.
