Subject: Eastwood Park Water Park Co. General Rate Increase

Dear Executive Director:

Eastwood Park Water Co. wishes to file for a general rate increase with an effective date of JANUARY 01, 2013 We have included the following items to fully support out filing.

- 1) **Cover letter.**
- 2) **Tariff.** The proposed tariff with a proposed effective date of (insert date here)
- 3) **Customer Notice.** A copy of the notice mailed to customers.
- 4) **Work papers.** The supporting work papers for the test period including:
 - a. Balance sheet and statement of revenues and expenses.
 - b. Depreciation schedule
 - c. Adjustments proposed, restating adjustments and/or pro forma adjustments
 - d. Usage statistics verifying test year revenues and proposed revenues
 - e. Public water system identification number

This proposed filing will increase water rates approximately \$10,320 or 29%. The current rates have been in effect for over 4 years. The average customer using 500 cubic feet per month will see a monthly increase of \$10.00. The need for an increase is due to the increased cost of labor, operations, treatment requirements, maintenance and the ever increasing costs of water quality testing, taxes, postage, fuel and electricity. Water testing and electricity alone have risen over 50% in the past three years.

Please call me at (253)770-5268 if you have any questions. My email address is RobertG@johnlscott.com.

Sincerely,

Bob Green, General Manager
Eastwood Park Water Co.
