December 18, 2012

Mr. Dave Danner
Secretary and Executive Director
Washington Utilities & Transportation Commission
1300 S. Evergreen Park Drive SW
Olympia, WA 98504-9022

Dear Mr. Danner:

Cascade Natural Gas Corporation ("Cascade" or "Company") encloses for filing the following tariff sheet:

Tenth Revision Sheet No. 663, Canceling Ninth Revision Sheet No. 663

The purpose of this filing is to update the Company's 5-year average lost and unaccounted for percentage under the fuel use requirements section of this tariff. As stated by the tariff, this percentage is to be updated on an annual basis. The effect of this filing updates the percentage from .3409% to .45% as of March 2012. The attached exhibit details the calculation of the updated lost and unaccounted for percentage.

Although the Company is required to file this tariff on an annual basis and report the 5-year average lost and unaccounted for percentage, it has been unable to do so since the end of 2009 due to the conversion to a new computer system. Now that this conversion is complete and the Company has at least a full year of data to report, it is reporting this amount of .45% for the time period through March 2012 as shown on the exhibit. Data extraction continues and a more complete report showing a longer time period will be available next year.

If you have any questions, please direct them to me at 509-734-4593.

Very truly yours,

Michael Parvinen
Director, Regulatory Affairs
