Dear Valued Customer,

Waste Management is pleased to be your solid waste services collection provider. We are writing to notify you of an upcoming rate adjustment.

Like all of us, the garbage industry is faced with many challenges today. Rising costs for disposal, labor, fuel, maintenance and office expenses have resulted in increased costs for us to provide collection services. All of the above-mentioned costs have risen since our last general rate increase in January, 2009; nearly four years ago. Accordingly, we have applied for an increase in rates, subject to the review and approval of the Washington Utilities and Transportation Commission (UTC). The UTC, upon completing its investigation, has the authority to set final rates that may be either lower or higher from the proposed rates shown on the back of this letter. If approved, the new rates would become effective March 5, 2013.

To comment on this filing, be added to the UTC's mailing list, or ask questions about the ratemaking process; please use the comment information below. You may also comment in person at the UTC's open meeting in Olympia at 9:30 a.m. on February 28, 2013, or by using the "Public Comment" feature at the UTC's web site at <http://www.utc.wa.gov/comments>. The UTC is scheduled to make a decision at its open meeting on February 28, 2013. If you are unable to attend an open meeting in person, the UTC has a bridge line that enables you to participate or listen by telephone. Call (360) 664-1234 for instructions the day before the open meeting.
