Authority expansion section

I Would like to expand my Authority to

(but excluding drop boxes) in that portion of Stevens County Described as follows. Beginning at the intersection of centerline of kettle River (also Stevens - Ferry County line) and south line of Section 32, T38N, R37E, then east along the south line of said section extended to the Northwest corner of section 6, T37N, R40E, south along the west line of section 6, T37N, R40E, extended to the southwest corner of Section 19, T37N, R40E, then east along the south line of said section extended to the southeast corner of section 21 T37N, R41E, then north along the east line of said section projected due north to its intersection with the north line of Section 4, T40N, R41E (also the US-Canadian border) then west along the north line of said section extended to its intersection with the Stevens - Ferry county line then south along the said county line to its intersection with the south line of section 32, T38n, R37E, the point of beginning. We basically want to close the gap between Couse's Sanitation and Sunshine Disposal. We would like the Northwest corner of Steven county if possible.

Excluding the use of drop boxes and containers.

State below the conditions that justify the granting of this application.

We took over this authority March 2011, and since then We have gotten many requests for garbage services that aren't on our authority and live where there is No Service.

With that being said I have received many letter stating that fact.

Experience and Knowledge of transportation or solid waste

We have a lot of experience with hauling solid and liquid waste. Not only do we have our garbage routes but we also have a successful septic and portable toilet business, which we have routes also. The portable toilet portion of it work the same way as a garbage route. We have our list of toilets we have to service. The distance traveled is at least twice as far as our garbage routes.

Item 80 - Carry-out Service, Drive-Ins

Companies will assess the following additional charges when customers request that company personnel provide carry-out service of cans/units not placed at the curb, the alley, or other point where the company's vehicle can be driven to within five feet of the cans/units using improved access roads commonly available for public use. Driveways are not considered improved access roads commonly available for public use.

	Rz	ite
Charge for Carry-outs	Residential Per Unit, Per Pickup	Commercial Per Unit, Per Pickup
Cans, units, mini-cans, or micro-mini cans that must be carried out over 5 feet, but not over 25 feet	.40	.50
For each additional 25 feet, or fraction of 25 feet, add	.40	.50

NOTE: The company may elect to drive in at the rates shown above, except the charge will be limited to one can, unit, mini-cans or micro-mini can. If cans, units, mini-cans, or micro-mini cans are carried over 125 feet, but are safely accessible to the company's vehicle, the drive-in charges shown below must be assessed instead.

	Rat	e
Charge for Drive-ins (per pickup)	Residential Per Pickup	Commercial Per Pickup
Drive-ins on driveways of over 125 feet, but less than 250 feet	\$1.00	\$1.50
Drive-ins on driveways of over 250 feet, but less than 1/10 mile.	\$1,50	\$ 1.75
For each 1/10 mile over 1/10 mile.	.25	.50

Note: For the purpose of assessing drive-in fees, a driveway is defined as providing access to a single residence. If a driveway provides access to multiple residences or accounts, no drive-in fees will be assessed.

Item 160 - Time Rates

When time rates apply. Time rates named in this Item apply:

- When material must be taken to a special site for disposal:
- When a company's equipment must wait at, or return to, a customer's site to provide scheduled service due to no disability, fault, or negligence on the part of the company. Actual waiting time or time taken in returning to the site will be charged for; or
- When a customer orders a single, special, or emergency pickup, or when other items in this tariff refer
 to this Item.

How rates are recorded and charged. Time must be recorded and charged for to the nearest increment of 15 minutes. Time rates apply for the period from the time the company's vehicle leaves the company's terminal until it returns to the terminal, excluding interruptions. An interruption is a situation causing stoppage of service that is in the control of the company and not in the control of the customer. Examples include: coffee breaks, lunch breaks, breakdown of equipment, and similar occurrences.

Disposal fees in addition to time rates.. Item 230 disposal fees for the specific disposal site or facility used will apply in addition to time rates.

Item 207 - Excess Weight - Rejection of Load, Charges to Transport

The company reserves the right to reject pickup of any container, stationary packer, or drop box which, upon reasonable inspection:

- Appears to be overloaded;
- Would cause applicable vehicle load limitations to be exceeded;
- Would cause the company to violate load limitations or safe vehicle operation; and/or
- Would negatively impact or otherwise damage road surface integrity.

For the purposes of this tariff, the following maximum weights apply:

Note 1: <u>Permanent Service</u>: Service is defined as no less than scheduled, every other week pickup, unless local government requires more frequent service or unless putrescibles are involved. Customer will be charged for service requested, even if fewer containers are serviced on a particular trip. No credit will be given for partially filled containers.

Note 2: <u>Permanent Service</u>: If rent is shown, the rate for the first pickup and each additional pickup must be the same. If rent is not shown, it is to be included in the rate for the first pickup.

Accessorial charges assessed (lids, tarping, unlocking, unlatching, etc.)
