Re: Stericycle of Washington, Inc.
M29416/ G000244

Dear Commission:

We are requesting an extension of time to file the Solid Waste Collection Companies Annual Report Class C for Stericycle of Washington, Inc per WAC 4810-70-071.

The company will make an estimated payment for the annual fee before the due date.

We need the extension due to the necessity of extracting more detailed information from their computer system so we may file a complete and accurate report. We anticipate we will need 45 days beyond the due date to complete the report.

Respectfully submitted,

Nanette M Walker CPA
