

NOTICE TO OUR VALUED GUESTS

September 27, 2013

Recent rules changes implemented by the Washington Utilities and Transportation Commission allow transportation companies to offer flexible fares on regulated services based on currently filed and approved fixed rates. The rule changes allow for a maximum increase of 25% over current rates and the lowest rate being reduced to \$0.01.

Shuttle Express has submitted a request to the Washington Utilities and Transportation Commission to apply the new rule change to our existing approved fares and have requested the change be effective October 27, 2013.

These changes are pending approval. Please visit www.shuttleexpress.com for the complete list of flexible fares options.
