Our company has suffered a internal crisis as we have had our accountant absent because of medical issues and because of other issues we have had to hire a new accountant and as this is May 1, 2014 and the annual report for Solid Waste Companies is due today we cannot report the correct information as our year end is not completed. We have the intrastate revenue and will make the payment due today but I am asking for at least a 60 day delay in the report filing. This action is not what our company is used to, we have been in business since 1946 and pride ourselves on being timely with all the filings we must make but this is an exception and I respectfully ask for the extension and would hope that we could get the filing done a lot sooner than the 60 days.

Respectfully

Lloyd A. Ludtke, President
