**GRADE CROSSING PROTECTIVE FUND
2013 – 2015 GRANT APPLICATION
IMPROVEMENTS AT PUBLIC PASSIVE RAILROAD CROSSINGS**

The Washington Utilities and Transportation Commission (Commission), through its Grade Crossing Protective Fund (GCPF), provides grants for projects that eliminate or mitigate public safety hazards at railroad crossings and along railroad rights-of-way in Washington State. As part of this emphasis the Commission is also committed to improving safety at public, passively-protected railroad crossings in Washington. GCPF funds may be used for purchasing stop signs¹, yield signs, retro-reflective tape, posts (if required), retro-reflective cross buck signs, and emergency notification signs to a maximum of \$250 for each crossing. Under this program, GCPF funds may not be used for labor costs. All installations must be MUTCD compliant.

To apply for a grant to improve safety at a passive railroad crossing, complete the following information and submit it and attachments to the Commission.

Applicant Information

Applicant Name: _____
Signature: Dave Cyr
Organization: Central Washington Railroad
Address: 111 University Parkway Suite 200 Yakima, WA 98901
Phone: 509-989-1338
Email: dcyr@cbrf.com
Fax: 509-349-8074

Project Information

Attach additional sheets as necessary that provide the following:

1. A list of all other companies, organizations, state agencies or local governments that may be involved in implementing this proposal and the contact name, address and phone number or e-mail address for each (if known).

¹ Replacement signs only. Proposals to install a stop sign at a crossing not currently stop-controlled requires an on-site diagnostic with Commission staff and a Commission order authorizing the installation.

2014 AUG 18 AM 8:04

Railroad Commitment

The undersigned represents the Railroad Company in the accompanying GCPF grant application for funding to install a stop sign or yield sign, retro-reflective tape or retro-reflective cross buck signs, posts or emergency notification signs at the named railroad crossings. We have reviewed the application and agree to allow installation of the proposed safety devices as described in the application.

Central Washington Railroad cross buck assembly updates to meet the new MUTCD standards.

Central Washington Railroad will be installing new longer post where needed for the height of the new added yield or stop signs to meet the MUTCD sign height. And will also install new cross bucks with two inch wide white reflective tape on each back side of the cross buck signs along with two inch wide white reflective tape on the back side of the post. We have already installed white tape on the fronts of each post in 2013 that can be removed and installed on a new post if one is needed for that crossing.

4"x4"x16' post each \$22.00 Total post #41 =902.00

Cross Buck each \$37.00 Total x buck #99 =3,663.00

30"x30" stop sign each \$27.00 Total stop signs #22 = 594.00

36"x36" yield sign each \$21.00 Total yield signs #79 = 1,659.00

2'x48' white reflective stripe each\$5.50 Total #163 = 896.50

Six rolls of white reflective tape for back of cross bucks each \$37.20 Total #6=223.20

Total cost of materials \$7,937.70

Taxes \$635.01

Total cost for project \$8,572.71

Estimated timeline to finish project May 30, 2015

If you have any questions feel free to contact me at any time thanks.
