Re: *Certificate #BC-64619 Voluntary Cancellation*

Dear Mr. King,

The above listed certificate holder requests to Voluntarily Cancel Certificate #BC-64619 which provides passenger and freight service between Bellingham and Obstruction pass. With flag stops at Orcas landing, Brandt's landing, Eliza, Sinclair, Blakely, and Lopez Islands. As well as seasonal passenger and freight service between Bellingham and Friday Harbor, with flag stops at Vendovi and Cypress Islands.

This request is mainly due to a failing partnership which could potentially require litigation. Once this issue is resolved, my hope is to reestablish a much needed service.

As a result of this request, I would also ask to withdraw a pending petition for a 12-month discontinuance in Docket No. 143892, as it would not longer be relevant by the above voluntary cancellation.

Thank you for your time, and please contact me with any concerns.

Sincerely,

Sean C. McNamara
