Subject: Waste Management – Northwest, a division of Waste Management of Washington, Inc.(G-237); Tariff # 18

Dear Sirs:

Enclosed herein, please find revised pages 2 and 6 to the above-referenced tariff. The purpose of this tariff revision is to reflect a change in the way in which Hazardous Waste Fees are charged to customers in accordance with King County Board of Health Rule & Regulation 14-03 (as codified in Chapter 11.04.060 of the King County Code). The effect of this change is to lower the fees to single-family residential and small volume commercial and multi-family customers and to increase the fees to medium and large volume commercial and multi-family customers. The King County Hazardous Waste fees were previously revised on January 1, 2012, approximately three years ago. The effective date of these proposed tariff revisions is April 1, 2015.

Attached for your review is a copy of the King County Board of Health Rule and Regulation 14-013. Upon approval by the Commission of this filing, affected customers will be notified of the change in their respective Hazardous Waste Fee with an insert in their next regularly scheduled billing.

If you have any questions or need additional information, please contact me at (425) 814-7840.

Very truly yours,
