This Certificate is evidence of the carrier's authority to engage in transportation as a **common carrier of passengers** by motor vehicle in interstate, intrastate and foreign commerce.

This authority will be effective as long as the carrier maintains compliance with the requirements pertaining to insurance coverage for the protection of the public (49 CFR 387) and the designation of agents upon whom process may be served (49 CFR 366). The carrier shall also render reasonably continuous and adequate service to the public. Failure to maintain compliance will constitute sufficient grounds for revocation of this authority.

The transportation service to be performed is described on the reverse side of this document. Authority to transport passengers over regular routes includes authority to serve all intermediate points on these routes, as specified at 49 CFR 356.3.

Kathy Weiner, Chief

**NOTE:** Carrier is authorized to provide regular-route passenger transportation in intrastate commerce and also must comply with requirements at 49 USC § 13902(b)(5) to establish rates, rules, and practices under applicable State laws.

Any regular routes authorized in this Certificate may be tacked or joined with one another and with other interstate regular route authority you hold, at any common service points, unless joinder is specifically prohibited.

**NOTE:** Willful and persistent noncompliance with applicable safety fitness regulations as evidenced by a DOT safety fitness rating of "Unsatisfactory" or by other indicators, could result in a proceeding requiring the holder of this certificate or permit to show cause why this authority should not be suspended or revoked.
