RE: Annual Report Extension Request for Methow Valley Sanitation
Service, Inc. dba WasteWise Methow #G-146

To whom it may concern:

We request an extension of 30 days to complete all schedules of our 2014 Annual Report. It has taken longer than expected to compile the required data. Also, our CPA, Weldon Burton, needs additional time to help us with the financial schedules. As required, we will calculate and submit our regulatory fees by May 1, 2015. We will have the rest of the report completed and submitted by May 31, 2015.

Please confirm receipt and approval of this request at your earliest convenience. Thanks for your consideration.

Sincerely,
Casey Bouchard
Vice President
WasteWise Methow
