DESCRIPTION OF THE BONDS

The bonds will be issued pursuant to a twenty-eighth supplemental indenture to the Mortgage (the “Supplemental Indenture”). The terms of the bonds include those stated in the Mortgage, the Supplemental Indenture and those made part of the Mortgage by reference to the U.S. Trust Indenture Act of 1939, as amended.

Set forth below is a description of the specific terms of the bonds. The following description is not complete in every detail and is subject to, and is qualified in its entirety by reference to, the Mortgage and the Supplemental Indenture. Capitalized terms used in this “Description of the Bonds” section that are not defined in this prospectus supplement have the meanings given to them in the Mortgage or the Supplemental Indenture.

General

The bonds will be issued as a series of First Mortgage Bonds under the Mortgage. The bonds will initially be limited in aggregate principal amount to \$250,000,000. The entire principal amount of the bonds will mature and become due and payable, together with any accrued and unpaid interest thereon, on July 1, 2025. The bonds are not subject to any sinking fund provision. The bonds are available for purchase in minimum denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof.

Interest

Each bond will bear interest at the rate of 3.35% per annum from the date of original issuance. Interest on the bonds will be payable semi-annually in arrears on January 1 and July 1 of each year (each, an “Interest Payment Date”). The initial Interest Payment Date is January 1, 2016. The amount of interest payable will be computed on the basis of a 360-day year consisting of twelve 30-day months. If any date on which interest is payable on the bonds is not a business day, then payment of the interest payable on that date will be made on the next succeeding day which is a business day (and without any additional interest or other payment in respect of any delay), with the same force and effect as if made on such date.

So long as the bonds remain in book-entry form only, the record date for each Interest Payment Date will be the close of business on the business day before the applicable Interest Payment Date. If the bonds are not all in book-entry form, the record date for each Interest Payment Date will be the close of business on the 15th calendar day of the month immediately preceding the month in which the applicable Interest Payment Date occurs (whether or not a business day).

Ranking and Security

The bonds will be issued under the Mortgage and secured by a first mortgage lien on certain utility property owned from time to time by the Company. The lien of the Mortgage is subject to Excepted Encumbrances, including tax and construction liens, purchase money liens and certain other exceptions. The bonds will be equally and ratably secured with all other bonds issued under the Mortgage.

Further Issuances

The bonds will initially be limited in aggregate principal amount to \$250,000,000. We may, from time to time, without notice to or the consent of the holders of the bonds, create and issue further bonds equal in rank and having the same maturity, payment terms, redemption features, CUSIP numbers and other terms as the bonds offered by this prospectus supplement, except for the issue date, issue price, payment of interest accruing prior to the issue date of the further bonds and, under some circumstances, for the first payment of interest following the issue date of the further bonds. These further bonds may be consolidated and form a single series with the bonds offered by this prospectus supplement.

Optional Redemption

At any time prior to April 1, 2025 (which is the date that is three months prior to the maturity of the bonds (the “par call date”)), we may redeem the bonds, at our option, in whole or in part, at any time, at a redemption price equal to the greater of:

- 100% of the principal amount of bonds then outstanding to be redeemed; and
- the sum of the present values of the remaining scheduled payments of principal and interest on the bonds to be redeemed that would be due if the bonds matured on the par call date (not including any portion of such payments of interest accrued as of the redemption date) discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate, plus 20 basis points, as calculated by an Independent Investment Banker;

plus, in either of the above cases, whichever is applicable, accrued and unpaid interest, if any, on such bonds to the date of redemption.

At any time on or after April 1, 2025 (which is the date that is three months prior to the maturity of the bonds), we may redeem the bonds, at our option, in whole or in part, at any time, at a redemption price equal to 100% of the principal amount of the bonds to be redeemed, plus accrued and unpaid interest, if any, thereon to the date of redemption.

We will mail a notice of redemption at least 30 days before the redemption date to each holder of bonds to be redeemed. If we elect to partially redeem the bonds, the Trustee will select in a fair and appropriate manner the bonds to be redeemed; provided, that if the bonds are in book-entry only form, interests in such bonds shall be selected for redemption by The Depository Trust Company in accordance with its standard procedures therefor.

Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the bonds or portions thereof called for redemption.

“Comparable Treasury Issue” means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the bonds (assuming, for this purpose, that the bonds matured on their par call date) to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such bonds (“Remaining Life”).

“Comparable Treasury Price” means, with respect to any redemption date, the Reference Treasury Dealer Quotation for such redemption date.

“Independent Investment Banker” means an investment banking institution of international standing appointed by us.

“Reference Treasury Dealer” means a primary U.S. government securities dealer in New York City appointed by us.

“Reference Treasury Dealer Quotation” means, with respect to the Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount and quoted in writing to us by such Reference Treasury Dealer at 5:00 p.m. on the third business day in New York City preceding such redemption date).

“Treasury Rate” means, as of a given redemption date, the rate per annum equal to the semi-annual equivalent or interpolated (on a daycount basis) yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is a summary of the material U.S. federal income tax considerations that may be relevant to the ownership and disposition of the bonds issued pursuant to this offering, and does not purport to be a complete analysis of all potential tax effects.

This discussion is limited to persons purchasing the bonds for cash pursuant to this prospectus supplement at the offering price on the cover page of this prospectus supplement and who hold the bonds as capital assets for tax purposes. This discussion does not address all the U.S. federal income tax consequences that may be relevant to you in light of your particular circumstances or to investors subject to special rules, such as financial institutions, banks, U.S. expatriates, controlled foreign corporations, passive foreign investment companies, insurance companies, dealers in securities or currencies, traders in securities, U.S. Holders (as defined below) whose functional currency is not the U.S. dollar, tax-exempt organizations and persons holding the bonds as part of a “straddle,” “hedge,” “conversion transaction” or other integrated transaction. This discussion does not address any U.S. gift or estate tax considerations or tax considerations arising under the laws of any state, local or non-U.S. jurisdiction.

If a partnership (including any entity or arrangement classified as a partnership for U.S. federal income tax purposes) is an owner of the bonds, the treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding the bonds, you should consult your tax advisor regarding the U.S. federal income tax consequences relating to the ownership and disposition of the bonds.

This discussion is based on the provisions of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), U.S. Treasury regulations issued thereunder (“Treasury Regulations”), court decisions and administrative interpretations, all as in effect as of the date of this prospectus supplement and all of which are subject to change at any time, possibly with retroactive effect. Changes in these authorities may cause the tax consequences to vary substantially from the consequences described below.

We have not sought and will not seek any rulings from the U.S. Internal Revenue Service (“IRS”) with respect to the matters discussed below. There can be no assurance that the IRS will not take a different position concerning the tax consequences of the purchase, ownership or disposition of the bonds or that any such position taken by the IRS would not be sustained by a court.

You are urged to consult your own tax advisor regarding the U.S. federal, state, local, foreign or other tax consequences of the ownership and disposition of the bonds.

U.S. Holders

This section applies to you if you are a “U.S. Holder.” A U.S. Holder means a beneficial owner of the bonds that is a U.S. citizen, a U.S. resident alien, a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia, an estate whose income is subject to U.S. federal income tax regardless of its source, or a trust that either is subject to the supervision of a court within the United States and has one or more U.S. persons with authority to control all of its substantial decisions or has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person.

Interest

It is expected, and the following discussion assumes, that the bonds will not be treated as issued with original issue discount for U.S. federal income tax purposes. Accordingly, you generally must include the stated interest on a bond as ordinary income at the time such interest is received or accrued, in accordance with your method of accounting for U.S. federal income tax purposes.

If we call the bonds for redemption (see “Description of the Bonds—Optional Redemption”), we may be obligated to make “make-whole” payments on the bonds in excess of stated interest and principal. We believe, and intend to take the position, that the likelihood that we will be obligated to make these additional payments is remote. Remote contingencies are not taken into account for the purpose of determining whether the bonds are issued with original issue discount for U.S. federal income tax purposes. Our determination that this contingency is remote is binding on you unless you disclose a contrary position in the manner required by applicable Treasury Regulations. Our determination is not, however, binding on the IRS. Assuming our determination is upheld, if we are required to make these additional payments, you likely would recognize additional interest income in accordance with your method of accounting for U.S. federal income tax purposes.

Certain U.S. Holders who are individuals, estates or trusts are subject to an additional 3.8% tax on, among other things, interest on the bonds. You should consult your tax advisor regarding the effect, if any, of this tax on your ownership of the bonds.

Sale or Other Taxable Disposition of the Bonds

You generally will recognize gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a bond equal to the difference between (a) the amount of cash and the fair market value of any property received upon the disposition (less any amount attributable to accrued but unpaid interest, which will be taxable as ordinary interest income unless previously taken into income) and (b) your adjusted tax basis in the bond. Your adjusted tax basis in a bond generally will be your purchase price of the bond. Gain or loss recognized generally will be a capital gain or loss, and will be long-term capital gain or loss if you held the bond for more than one year. Long-term capital gains of some non-corporate U.S. Holders (including individuals) are taxed at preferential capital gains tax rates. Your ability to deduct capital losses may be limited.

Certain U.S. Holders who are individuals, estates or trusts are subject to an additional 3.8% tax on, among other things, capital gains from the sale or other taxable disposition of the bonds. You should consult your tax advisor regarding the effect, if any, of this tax on your disposition of the bonds.

Information Reporting and Backup Withholding

In general, information reporting will apply to payments of interest and to the proceeds from the sale (including a redemption or retirement) of bonds paid to you unless you are an exempt recipient. Additionally, backup withholding (currently at a rate of 28%) will apply to such payments if you fail to provide a correct taxpayer identification number or certification of exempt status, have been notified by the IRS that you are subject to backup withholding for failure to report your full dividend and interest income or otherwise fail to comply with applicable requirements of the backup withholding rules.

Backup withholding is not an additional tax. If backup withholding applies, you may use the amounts withheld as a credit against your U.S. federal income tax liability, and may be entitled to a refund, as long as you timely provide certain information to the IRS.

Non-U.S. Holders

This section applies to you if you are a “Non-U.S. Holder.” A Non-U.S. Holder means a beneficial owner of the bonds that is neither a U.S. Holder nor a partnership for U.S. federal income tax purposes.

Payments of Interest

Payments to you of interest generally will not be subject to U.S. federal withholding tax, provided that:

- the interest is not effectively connected with the conduct by you of a trade or business in the United States;
- you do not actually or constructively own 10% or more of the total combined voting power of all classes of our stock entitled to vote;
- you are not a controlled foreign corporation that is related to us actually or constructively through stock ownership;
- you are not a bank receiving certain types of interest; and
- we, or the applicable withholding agent, receive appropriate documentation, generally a completed IRS Form W-8BEN or W-8BEN-E (or other applicable form), establishing that you are not a United States person within the meaning of the Code in compliance with applicable requirements or you satisfy certain documentary evidence requirements for establishing that you are not a United States person (this certification may also be provided by (i) a securities clearing organization, (ii) a bank or other financial institution that holds customers' securities in the ordinary course of its trade or business or (iii) a "qualified intermediary" that has entered into a withholding agreement with the IRS and other conditions are met).

If all of these requirements are not satisfied, payments of interest to you will be subject to a 30% U.S. federal withholding tax unless you provide us or the applicable withholding agent, as the case may be, with a properly executed (a) IRS Form W-8BEN or W-8BEN-E (or other applicable form) claiming an exemption from or reduction in withholding under an applicable income tax treaty or (b) IRS Form W-8ECI (or other applicable form) stating that interest paid on the bonds is not subject to U.S. federal withholding tax because it is effectively connected with your conduct of a trade or business in the United States (as discussed below).

The interest on the bonds will be taxed at regular U.S. federal net income tax rates and will not be subject to U.S. federal withholding tax if: (a) the interest constitutes income that is effectively connected with the conduct by you of a U.S. trade or business, and (b) if required by an income tax treaty, the interest is attributable to a U.S. permanent establishment or fixed base under the terms of such treaty, provided that a proper certification is received. In addition, if you are a foreign corporation, such income may also be subject to a "branch profits tax" at a rate of 30% (or lower applicable income tax treaty rate).

Sale or Other Taxable Disposition of the Bonds

Gain realized by you on the sale, redemption or other taxable disposition of a bond generally will not be subject to U.S. federal income or withholding tax, unless:

- such gain is effectively connected with the conduct by you of a trade or business within the United States (and, if required by an income tax treaty, is attributable to a permanent establishment or fixed base in the United States); or
- you are an individual who is present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are satisfied.

Gain described in the first bullet point generally will be subject to U.S. federal income tax in the same manner as if the bond were held by a U.S. Holder. In addition, if you are a corporation, such gain may also be subject to a branch profits tax at a rate of 30% (or lower applicable income tax treaty rate).

If you are a Non-U.S. Holder described in the second bullet point above, you generally will be subject to U.S. federal income tax at a rate of 30% (or lower applicable income tax treaty rate) on any gain derived from the disposition, which may be offset by certain U.S. source capital losses (even though you are not considered a resident of the United States).

If you are a Non-U.S. Holder, you should consult your tax advisor regarding potentially applicable income tax treaties that may provide for different rules.

Information Reporting and Backup Withholding

If you are a Non-U.S. Holder, you generally will be exempt from backup withholding (currently at a rate of 28%) and information reporting with respect to interest on the bonds, provided that the certification procedures required to claim the exemption described under the heading “Payments of Interest” above are satisfied or you otherwise certify as to your status as not a United States person or establish another exemption. However, we or our paying agent may be required to report to you and to the IRS payments of interest on the bonds and the amount of tax, if any, withheld with respect to those payments. Copies of the information returns reporting such interest payments and any U.S. federal withholding may also be made available to the tax authorities in the country in which you reside under the provisions of a treaty or agreement.

If you are a Non-U.S. Holder, proceeds received from the sale (including a redemption or retirement) of a bond to or through the U.S. office of a broker generally are subject to information reporting and backup withholding, unless you certify as to your status as not a United States person or otherwise establish an exemption from information reporting and backup withholding.

Generally, information reporting and backup withholding will not apply to proceeds received from the sale (including a redemption or retirement) of a bond where the transaction is effected outside the United States through a non-United States office of a broker. However, if the broker is considered a U.S. payor or U.S. middleman (within the meaning of the Treasury Regulations), information reporting (but not backup withholding) will apply to a payment of disposition proceeds where the transaction is effected outside the United States unless the broker maintains documentary evidence that you are not a United States person and certain other condition are met.

Backup withholding is not an additional tax. If backup withholding applies, you may use the amounts withheld as a refund against your U.S. federal income tax liability, and you may be entitled to a refund, as long as you timely provide certain information to the IRS.

Foreign Accounts

Pursuant to Sections 1471 to 1474 of the Code and the Treasury Regulations promulgated thereunder (the provisions commonly known as “FATCA”), interest and, beginning January 1, 2017, the gross proceeds of sale or other disposition of the bonds paid to a foreign financial institution will be subject to a 30% U.S. federal withholding tax (“FATCA withholding”) unless (x) the institution enters into an agreement with the U.S. government to withhold on certain payments and to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of the institution (which includes certain equity and debt holders of the institution, as well as certain account holders that are foreign entities with U.S. owners) and (y) the foreign financial institution provides the withholding agent with a certification that it is eligible to receive payment free of FATCA withholding. The above referenced Code provisions and related Treasury Regulations also generally impose FATCA withholding on interest and the gross proceeds from a sale or other disposition of the bonds paid to a non-financial foreign entity unless the entity provides the withholding agent with a certification (i) that the entity does not have any “substantial United States owners” or (ii) provides certain information regarding the entity’s “substantial United States owners,” which will in turn be provided to the U.S. tax authorities. A foreign financial institution or non-financial foreign entity can meet the certification

requirements generally by providing a properly executed IRS Form W-8BEN-E or IRS Form W-8ECI, as applicable. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules. Under certain circumstances, a U.S. Holder or Non-U.S. Holder might be eligible for refunds or credits of the taxes withheld under FATCA from the IRS. The rules under FATCA are complex. You are encouraged to consult with your own tax advisors regarding the possible implications of FATCA on your investment in our bonds.

PERSONS CONSIDERING THE PURCHASE OF THE BONDS SHOULD CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF BONDS IN LIGHT OF THEIR PARTICULAR CIRCUMSTANCES, AS WELL AS THE EFFECT OF ANY STATE, LOCAL OR FOREIGN TAX LAWS OR ANY APPLICABLE TAX TREATY.

BENEFIT PLAN INVESTOR CONSIDERATIONS

The bonds may be purchased and held by or with the assets of an employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended (“ERISA”), an individual retirement account or other plan subject to Section 4975 of the Code (together with plans subject to Title I of ERISA, “ERISA Plans”) or an employee benefit plan sponsored by a state or local government or otherwise subject to laws that include restrictions substantially similar to ERISA and Section 4975 of the Code (any such law, a “Similar Law,” and together with ERISA and Section 4975 of the Code, “Applicable Benefit Plan Regulations”). A fiduciary of an employee benefit plan subject to any Applicable Benefit Plan Regulation(s) must determine that the purchase and holding of the bonds are consistent with its fiduciary duties under such Applicable Benefit Plan Regulation(s). Such fiduciary, as well as any other prospective investor subject to any Applicable Benefit Plan Regulation(s), must also determine that its purchase and holding of the bonds does not result in a non-exempt prohibited transaction as defined in Section 406 of ERISA, Section 4975 of the Code or any Similar Law. Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans from engaging in specified transactions (including, without limitation, an extension of credit) involving plan assets with persons who are “parties in interest” within the meaning of ERISA or “disqualified persons” within the meaning of Section 4975 of the Code, unless a statutory, class or individual exemption applies. A party in interest or disqualified person who engages in a nonexempt prohibited transaction may be subject to excise taxes, penalties or liabilities under Applicable Benefit Plan Regulations, and the transaction may be subject to rescission. In addition, a fiduciary of an ERISA Plan or a plan subject to Similar Law that causes such plan to engage in a transaction that the fiduciary knows or should have known is a non-exempt prohibited transaction may be subject to liability under Applicable Benefit Plan Regulations. Because the bonds constitute an extension of credit by the purchaser to us, the acquisition or holding of the bonds by an ERISA Plan or a plan subject to Similar Law with respect to which we are considered a party in interest or a disqualified person might constitute or result in a direct or indirect prohibited transaction, unless the investment is acquired in accordance with an applicable statutory, class or individual prohibited transaction exemption. In this regard, the U.S. Department of Labor has issued prohibited transaction class exemptions (“PTCEs”) that may apply to the acquisition and holding of the bonds. These class exemptions include, without limitation, PTCE 84-14, respecting transactions determined by independent qualified professional asset managers, PTCE 90-1, respecting insurance company pooled separate accounts, PTCE 91-38, respecting bank collective investment funds, PTCE 95-60, respecting life insurance company general accounts and PTCE 96-23, respecting transactions determined by in-house asset managers. In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code provide relief from the prohibited transaction provisions of ERISA and Section 4975 of the Code for certain transactions, provided that neither the issuer of the bonds nor any of its affiliates (directly or indirectly) has or exercises any discretionary authority or control or renders any investment advice with respect to the assets of any ERISA Plan involved in the transaction and provided further that the ERISA Plan pays no more than adequate consideration in connection with the transaction. There can be no assurance that all of the conditions of any such exemption will be satisfied. Because the bonds constitute an extension of credit by the purchaser to us each purchaser and transferee of the bonds who is subject to any Applicable Benefit Plan Regulation(s) will be deemed to have represented by its acquisition and holding of the bonds that its acquisition and holding of the bonds does not constitute or give rise to a non-exempt prohibited transaction under such Applicable Benefit Plan Regulation(s). Such purchaser or transferee should consult legal counsel before purchasing the bonds. Nothing herein shall be construed as a representation that an exemption from the prohibited transaction rules would apply to the acquisition or holding of the bonds or that an investment in the bonds would meet any or all of the relevant legal requirements with respect to investments by, or is appropriate for, an employee benefit plan or individual retirement account subject to any Applicable Benefit Plan Regulation(s).

UNDERWRITING

Mitsubishi UFJ Securities (USA), Inc. and Scotia Capital (USA) Inc. are acting as our joint book-running managers for this offering and as representatives for the underwriters named below. Subject to certain terms and conditions in the underwriting agreement dated the date of this prospectus supplement, each underwriter has severally agreed to purchase, and we have agreed to sell to each underwriter, the principal amount of bonds indicated in the following table:

<u>Underwriters</u>	<u>Principal Amount of Bonds</u>
Mitsubishi UFJ Securities (USA), Inc.	\$ 87,500,000
Scotia Capital (USA) Inc.	87,500,000
Barclays Capital Inc.	12,500,000
BNP Paribas Securities Corp.	12,500,000
CIBC World Markets Corp.	12,500,000
Mizuho Securities USA Inc.	12,500,000
PNC Capital Markets LLC	12,500,000
SMBC Nikko Securities America, Inc.	12,500,000
Total	\$250,000,000

The underwriting agreement provides that the obligations of the underwriters to purchase the bonds included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all the bonds if they purchase any of the bonds.

The underwriters propose to offer the bonds directly to the public at the public offering price set forth on the cover page of this prospectus supplement. The underwriters may offer the bonds to selected dealers at the public offering price less a concession not to exceed 0.30% of the principal amount of the bonds. In addition, the underwriters may allow, and those selected dealers may reallow, a concession not to exceed 0.15% of the principal amount of the bonds to certain other dealers. After the initial offering of the bonds to the public, the public offering price and concessions may be changed.

The bonds are a new issue of securities with no established trading market. We have been advised by the underwriters that the underwriters intend to make a market in the bonds but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of any trading market for the bonds.

In connection with this offering, the underwriters may purchase and sell the bonds in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of bonds than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or slowing a decline in the market price of the bonds while the offering is in progress.

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to another underwriter a portion of the underwriting discount received by it because another underwriter has repurchased bonds sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the bonds. As a result, the price of the bonds may be higher than the price that otherwise would exist in the open market. If these

activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

We estimate that our total offering expenses, not including the underwriting discount, will be approximately \$515,000.

Affiliations

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve our or our affiliates' securities and instruments. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the bonds offered hereby. Any such short positions could adversely affect future trading prices of the bonds. The underwriters and their respective affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

Certain of the underwriters and their affiliates have performed commercial banking, investment banking, corporate trust and advisory services for us from time to time for which they have received customary fees and expenses. For example, affiliates of several of the underwriters act as agents and as lenders under our credit facilities, which we may repay from time to time with proceeds of the offering and for which they receive customary fees and expenses. The underwriters may, from time to time, engage in transactions with and perform services for us or our affiliates in the ordinary course of their business.

We have agreed to indemnify each of the underwriters against certain liabilities, including liabilities under the U.S. Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make because of those liabilities.

Selling Restrictions

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") it has not made and will not make an offer of the bonds to the public in that Relevant Member State other than:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by us for any such offer; or

(c) in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of bonds shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Each person in a Relevant Member State who receives any communication in respect of, or who acquires any of the bonds under, the offers contemplated here in this prospectus supplement will be deemed to have represented, warranted and agreed to and with each underwriter and us that:

(a) it is a qualified investor as defined under the Prospectus Directive; and

(b) in the case of any bonds acquired by it as a financial intermediary, as that term is used in Article 3(2) of the Prospectus Directive, (i) the bonds acquired by it in the offering have not been acquired on behalf of, nor have they been acquired with a view to their offer or resale to, persons in any Relevant Member State other than qualified investors, as that term is defined in the Prospectus Directive, or in the circumstances in which the prior consent of the representatives of the underwriters has been given to the offer or resale or (ii) where bonds have been acquired by it on behalf of persons in any Relevant Member State other than qualified investors, the offer of such bonds to it is not treated under the Prospectus Directive as having been made to such persons.

For the purposes of this provision, the expression an “offer of bonds to the public” in relation to any bonds in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the bonds to be offered so as to enable an investor to decide to purchase the bonds, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

This prospectus supplement has been prepared on the basis that any offer of the bonds in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of bonds. Accordingly, any person making or intending to make an offer of the bonds in that Relevant Member State of the bonds may only do so in circumstances in which no obligation arises for us or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive, in each case, in relation to such offer. Neither we nor the underwriters have authorized, nor do we authorize, the making of any offer of bonds in circumstances in which an obligation arises for us or the underwriters to publish a prospectus for such offer.

Each underwriter has represented and agreed that:

(a) it has only communicated or caused to be communicated (and will only communicate or cause to be communicated) an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the U.K. Financial Services & Market Act (the “FSMA”)) such underwriter has received in connection with the issue or sale of the bonds in circumstances in which Section 21(1) of the FSMA does not apply to us; and

(b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the bonds in, from or otherwise involving the United Kingdom.

Certain legal matters with respect to the bonds we are offering will be passed upon for us by the Assistant General Counsel of PacifiCorp, and by Perkins Coie LLP, Portland, Oregon. EXPERTS

The Consolidated Financial Statements incorporated in this prospectus supplement by reference from PacifiCorp's Annual Report on Form 10-K for the year ended December 31, 2014, have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their report, which is incorporated herein by reference. Such financial statements have been so incorporated in reliance upon the report of such firm given upon their authority as experts in accounting and auditing.

With respect to the unaudited interim consolidated financial information for the periods ended March 31, 2015 and 2014, which is incorporated herein by reference, Deloitte & Touche LLP, an independent registered public accounting firm, have applied limited procedures in accordance with the standards of the Public Company Accounting Oversight Board (United States) for a review of such information. However, as stated in their report included in PacifiCorp's Quarterly Report on Form 10-Q for the quarter ended March 31, 2015 and incorporated by reference herein, they did not audit and they do not express an opinion on that interim consolidated financial information. Accordingly, the degree of reliance on their report on such information should be restricted in light of the limited nature of the review procedures applied. Deloitte & Touche LLP are not subject to the liability provisions of Section 11 of the U.S. Securities Act of 1933 for their report on the unaudited interim financial information because that report is not a "report" or a "part" of the registration statement prepared or certified by an accountant within the meaning of Sections 7 and 11 of the U.S. Securities Act of 1933.

We have not authorized anyone to give you any information other than this prospectus and any supplements to this prospectus. You should not assume that the information contained in this prospectus, any prospectus supplement, any document incorporated by reference in this prospectus or any free writing prospectuses is accurate as of any date other than the date mentioned on the cover page of those documents. Our business, financial condition and results of operations may have changed since that date. We are not offering to sell the Securities and we are not soliciting offers to buy the Securities in any jurisdiction in which offers are not permitted.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 that PacifiCorp filed with the Securities and Exchange Commission (the “SEC”) using the “shelf” registration process. Under this shelf registration process, we may from time to time sell the Securities described in this prospectus in one or more offerings. This prospectus provides a general description of the Securities. Each time we sell Securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. That prospectus supplement may include or incorporate by reference a detailed and current discussion of any risk factors and will discuss any special considerations applicable to those securities. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with additional information described under “Where You Can Find More Information.” If there is any inconsistency between the information in this prospectus and any prospectus supplement, you should rely on the information contained in that prospectus supplement.

Unless otherwise indicated or unless the context otherwise requires, in this prospectus, the words “PacifiCorp,” “Company,” “we,” “our” and “us” refer to PacifiCorp, an Oregon corporation, and its subsidiaries.

For more detailed information about the Securities, you can read the exhibits to the registration statement. Those exhibits have been either filed with the registration statement or incorporated by reference to earlier SEC filings listed in the registration statement. See “Where You Can Find More Information.”

FORWARD-LOOKING STATEMENTS

This prospectus, any accompanying prospectus supplement and the additional information described under the heading “Where You Can Find More Information” may contain “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”) and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), which are subject to the safe harbor created by the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact are “forward-looking statements” for purposes of these provisions. Examples include discussions as to our expectations, beliefs, plans, goals, objectives and future financial or other performance or assumptions concerning matters discussed, including through incorporation by reference, in this prospectus. This information, by its nature, involves estimates, projections, forecasts, risks and uncertainties that could cause actual results or outcomes to differ substantially from those expressed in the forward-looking statements found in this prospectus and the documents incorporated by reference in this prospectus.

Our business is influenced by many factors that are difficult to predict, involve uncertainties that may materially affect actual results and are often beyond our ability to control. We have identified a number of these factors in our filings with the SEC, including the Form 10-K, the Forms 10-Q and the Forms 8-K incorporated by reference in this prospectus, and we refer you to those reports for further information.

Any forward-looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which it is made. The forward-looking statements in this prospectus and the documents incorporated by reference in this prospectus are qualified in their entirety by the preceding cautionary statements.

THE COMPANY

We are a regulated, vertically integrated electric utility company serving retail customers, including residential, commercial, industrial, irrigation and other customers in portions of the states of Utah, Oregon, Wyoming, Washington, Idaho and California. We own, or have interests in, a number of thermal, hydroelectric, wind-powered and geothermal generating facilities, as well as electric transmission and distribution assets. We also buy and sell electricity on the wholesale market with other utilities, energy marketing companies, financial institutions and other market participants to balance and optimize the economic benefits of electricity generation, retail loads and existing wholesale transactions. We are subject to comprehensive state and federal regulation. Our subsidiaries support our electric utility operations by providing coal mining services.

We are an indirect subsidiary of MidAmerican Energy Holdings Company (“MEHC”), a holding company based in Des Moines, Iowa that owns subsidiaries principally engaged in energy businesses. MEHC is a consolidated subsidiary of Berkshire Hathaway Inc. MEHC controls substantially all of our voting securities, which include both common and preferred stock.

Our principal executive offices are located at 825 N.E. Multnomah Street, Portland, Oregon 97232 and our telephone number is (503) 813-5608. We were initially incorporated in 1910 under the laws of the state of Maine under the name Pacific Power & Light Company. In 1984, Pacific Power & Light Company changed its name to PacifiCorp. In 1989, we merged with Utah Power and Light Company, a Utah corporation, in a transaction wherein both corporations merged into a newly formed Oregon corporation. The resulting Oregon corporation was re-named PacifiCorp, which is the operating entity today.

For additional information concerning our business and affairs, including our capital requirements and external financing arrangements, and pending legal and regulatory proceedings, including descriptions of those laws and regulations to which we are subject, prospective purchasers should refer to the documents incorporated by reference into this prospectus as described in the section entitled “Where You Can Find More Information.”

RISK FACTORS

Investing in our Securities involves risk. Before purchasing any Securities we offer, you should carefully consider the risk factors described in our periodic reports filed with the SEC and the following risk factors related to the Securities, as well as the other information contained in this prospectus, any prospectus supplement and the information incorporated by reference herein in order to evaluate an investment in our Securities. See “Forward-Looking Statements” and “Where You Can Find More Information” in this prospectus. Additional risks and uncertainties that are not yet identified or that we currently believe are immaterial may also materially harm our business, operating results and financial condition and could result in a loss on your investment.

We have not appraised the collateral subject to the mortgage securing our Additional Bonds (“Mortgage”) and, if there is a default or a foreclosure sale, the value of the collateral may not be sufficient to repay the holders of any Additional Bonds.

We have not made any formal appraisal of the value of the collateral subject to the Mortgage, which will secure any Additional Bonds. The value of the collateral in the event of liquidation will depend on market and economic conditions, the availability of buyers, the timing of the sale of the collateral and other factors. We cannot assure you that the proceeds from a sale of all of the collateral would be sufficient to satisfy the amounts outstanding under the Additional Bonds and our other first mortgage bonds secured by the same collateral or that such payments would be made in a timely manner. If the proceeds were not sufficient to repay amounts outstanding under the Additional Bonds,

then holders of the Additional Bonds, to the extent not repaid from the proceeds of the sale of the collateral, would only have an unsecured claim against our remaining assets.

There is no existing market for the Securities, and we cannot assure you that an active trading market for the Securities will develop.

We do not intend to apply for listing of the Securities on any securities exchange or automated quotation system. There can be no assurance as to the liquidity of any market that may develop for the Securities. Accordingly, the ability of holders to sell the Securities that they hold or the price at which holders will be able to sell the Securities may be limited. Future trading prices of the Securities will depend on many factors, including, among other things, prevailing interest rates, our operating results and the market for similar securities.

We do not know whether an active trading market will develop for the Securities. To the extent that an active trading market does develop, the price at which a holder may be able to sell the Securities that it holds, if at all, may be less than the price paid for them. Consequently, a holder may not be able to liquidate its investment readily, and the Securities may not be readily accepted as collateral for loans.

Unless otherwise indicated in a prospectus supplement, the net proceeds to be received by us from the issuance and sale of the Securities will initially become part of our general funds and will be used for capital expenditures or utility asset purchases, to repay all or a portion of our short- or long- term borrowings and for general corporate purposes.

DESCRIPTION OF ADDITIONAL BONDS

General

Additional Bonds may be issued from time to time under our Mortgage and Deed of Trust, dated as of January 9, 1989, as amended and supplemented (the "Mortgage"), with The Bank of New York Mellon Trust Company, N.A. (as successor trustee to JPMorgan Chase Bank, N.A.) (the "Mortgage Trustee"). The following summary is subject to the provisions of and is qualified by reference to the Mortgage, a copy of which is an exhibit to the Registration Statement. Whenever particular provisions or defined terms in the Mortgage are referred to herein, those provisions or defined terms are incorporated by reference herein. Section and Article references used below are references to provisions of the Mortgage unless otherwise noted. When we refer to "bonds," we refer to all first mortgage bonds issued under the Mortgage, including the Additional Bonds.

We expect to issue Additional Bonds in the form of fully registered bonds and, except as may be set forth in any prospectus supplement relating to those Additional Bonds, in denominations of \$2,000 and any integral multiples of \$1,000 in excess thereof. The Additional Bonds may be transferred without charge, other than for applicable taxes or other governmental charges, at the offices of the Mortgage Trustee, New York, New York. Any Additional Bonds issued will be equally and ratably secured with all other bonds issued under the Mortgage. See "Book-Entry, Delivery and Form."

Maturity and Interest Payments

The prospectus supplement relating to any Additional Bonds will set forth the date or dates on which those Additional Bonds will mature, the rate or rates per annum at which those Additional Bonds will bear interest and the times at which any interest will be payable. Those terms, as well as other terms and conditions of the Additional Bonds, including those related to redemption and

purchase referred to under “Redemption or Purchase of Additional Bonds” below, will be established by resolution of our Board of Directors at the time we issue the Additional Bonds.

Redemption or Purchase of Additional Bonds

The prospectus supplement relating to any Additional Bonds will set forth the redemption or repurchase terms and other specific terms of those Additional Bonds.

If, at the time notice of redemption is given, the redemption amount is not held by the Mortgage Trustee, the redemption may be made subject to the receipt of the redemption amount by the Mortgage Trustee on or before the date fixed for redemption. A redemption notice will be of no effect unless the redemption amount is received.

The Mortgage, as described below, contains provisions for the maintenance of the Mortgaged and Pledged Property. There is no sinking or analogous fund in the Mortgage.

Cash deposited under any provisions of the Mortgage may be applied (with specific exceptions) to the redemption or repurchase of bonds of any series. (Section 7.03, Article XII and Section 13.06)

Security and Priority

The Additional Bonds will be issued under the Mortgage and secured by a first mortgage lien on certain utility property owned from time to time by us and/or by Class “A” Bonds, if any, held by the Mortgage Trustee.

There are excepted from the Mortgage all cash and securities (except those specifically deposited); equipment, materials or supplies held for sale or other disposition; any fuel and similar consumable materials and supplies; automobiles, other vehicles, aircraft and vessels; timber, minerals, mineral rights and royalties; receivables, contracts, leases and operating agreements; electric energy, gas, water, steam and other products for sale, distribution or other use; natural gas wells; gas transportation lines or other property used in the sale of natural gas to customers or to a natural gas distribution or pipeline company, up to the point of connection with any distribution system; our interest in the Wyodak Facility; and all properties that have been released from the discharged Mortgages and Deeds of Trust, as supplemented, of Pacific Power & Light Company and Utah Power & Light Company and that PacifiCorp, a Maine corporation, or Utah Power & Light Company, a Utah corporation, contracted to dispose of, but title to which had not passed at the date of the Mortgage. The lien of the Mortgage is also subject to Excepted Encumbrances, including tax and construction liens, purchase money liens and other specific exceptions. We have reserved the right, without any consent or other action by holders of bonds of the Ninth Series or any subsequently created series of bonds, to amend the Mortgage in order to except from the lien of the Mortgage allowances allocated to steam-electric generating plants owned by us, or in which we have interests, pursuant to Title IV of the Clean Air Act Amendments of 1990, as now in effect or as hereafter supplemented or amended.

The Mortgage contains provisions subjecting after-acquired property to the mortgage lien thereof. These provisions may be limited, at our option, in the case of consolidation or merger (whether or not we are the surviving corporation), conveyance or transfer of all or substantially all of the utility property of another electric utility company to us or sale of substantially all of our assets. (Section 18.03) In addition, after-acquired property may be subject to a Class “A” Mortgage, purchase money mortgages and other liens or defects in title.

The Mortgage provides that the Mortgage Trustee shall have a lien on the mortgaged property, prior to the holders of bonds, for the payment of its reasonable compensation and expenses and for indemnity against certain liabilities. (Section 19.09)

Issuance of Additional Bonds

The maximum principal amount of bonds that may be issued under the Mortgage is unlimited. Bonds of any series may be issued from time to time on the basis of:

- (1) 70% of qualified Property Additions after adjustments to offset retirements;
- (2) Class "A" Bonds (which need not bear interest) delivered to the Mortgage Trustee;
- (3) retirement of bonds or certain prior lien bonds; and/or
- (4) deposits of cash.

With certain exceptions in the case of clauses (2) and (3) above, the issuance of bonds is subject to our Adjusted Net Earnings for 12 consecutive months out of the preceding 15 months, before interest expense and income taxes, being at least twice the Annual Interest Requirements on all outstanding bonds issued under the Mortgage, all outstanding Class "A" Bonds held other than by the Mortgage Trustee or by us, all other indebtedness secured by a lien prior to the lien of the Mortgage and all bonds then applied for in pending bond issuance applications under the Mortgage. In general, interest on variable interest bonds, if any, is calculated using the rate then in effect. (Section 1.07 and Articles IV through VII)

Property Additions generally include electric, gas, steam and/or hot water utility property but not fuel, securities, automobiles, other vehicles or aircraft, or property used principally for the production or gathering of natural gas. (Section 1.04)

The issuance of bonds on the basis of Property Additions subject to prior liens is restricted. Bonds may, however, be issued against the deposit of Class "A" Bonds. (Sections 1.04 through 1.06 and Articles IV and V)

Release and Substitution of Property

Property subject to the Mortgage may be released on the basis of:

- (1) the release of that property from a Class "A" Mortgage;
- (2) the deposit of cash or, to a limited extent, purchase money mortgages;
- (3) Property Additions, after making adjustments for certain prior lien bonds outstanding against Property Additions; and/or
- (4) a waiver of the right to issue bonds on the basis of the released property.

Funded Cash, as defined in Section 1.05 of the Mortgage, may be withdrawn upon the bases stated in (1), (3) and (4) above. Property that does not constitute Funded Property, as defined in Section 1.05 of the Mortgage, may be released without substituting other Funded Property. Similar provisions are in effect as to cash proceeds from such property. The Mortgage contains special provisions with respect to certain prior lien bonds deposited and disposition of moneys received on deposited prior lien bonds. (Sections 1.05, 7.02, 9.05, 10.01 through 10.04 and 13.03 through 13.09)

Merger or Consolidation

The Mortgage provides that in the event of the merger or consolidation of another company with or into us or the conveyance or transfer to us by another company of all or substantially all of that company's property that is of the same character as Property Additions, as defined in the Mortgage, an existing mortgage constituting a first lien on operating properties of that other company may be designated by us as a Class "A" Mortgage. (Section 11.06) Bonds thereafter issued pursuant to the additional mortgage would be Class "A" Bonds and could provide the basis for the issuance of bonds under the Mortgage.

Certain Covenants

The Mortgage contains a number of covenants by us for the benefit of the holders of the bonds, including provisions requiring us to maintain the mortgaged property as an operating system or systems capable of engaging in all or any of the generating, transmission, distribution or other utility businesses described in the Mortgage. (Article IX)

Dividend Restrictions

The Mortgage provides that we may not declare or pay dividends (other than dividends payable solely in shares of our common stock) on any shares of our common stock if, after giving effect to the declaration or payment, we would not be able to pay our debts as they become due in the usual course of business. (Section 9.07) The notes to our audited consolidated financial statements included in our Report on Form 10-K incorporated by reference herein contain information relating to other restrictions.

Foreign Currency Denominated Bonds

The Mortgage authorizes the issuance of bonds denominated in foreign currencies, provided that we deposit with the Mortgage Trustee a currency exchange agreement with an entity having, at the time of the deposit, a financial rating at least as high as our financial rating that, in the opinion of an independent expert, gives us at least as much protection against currency exchange fluctuation as is usually obtained by similarly situated borrowers. (Section 2.03) We believe that this type of currency exchange agreement will provide effective protection against currency exchange fluctuations. However, if the other party to the exchange agreement defaults and the foreign currency is valued higher at the date of maturity than at the date of issuance of the relevant bonds, holders of those bonds would have a claim on our assets that is greater than the claim to which holders of dollar-denominated bonds issued at the same time would be entitled.

The Mortgage Trustee

The Bank of New York Mellon Trust Company, N.A. or its affiliates may act as a lender, trustee or agent under other agreements and indentures involving us and our affiliates.

Modification

The rights of bondholders may be modified with the consent of holders of at least 60% of the bonds, or, if not all series of bonds are adversely affected, the consent of the holders of at least 60% of the series of bonds adversely affected. In general, no modification of the terms of payment of principal, premium, if any, or interest and no modification affecting the lien or reducing the percentage required for modification is effective against any bondholder without the consent of the holder. (Section 21.07)

Unless we are in default in the payment of the interest on any bonds then Outstanding under the Mortgage or there is a Default under the Mortgage, the Mortgage Trustee generally is required to vote Class "A" Bonds held by it with respect to any amendment of the applicable Class "A" Mortgage proportionately with the vote of the holders of all Class "A" Bonds then actually voting. (Section 11.03)

Defaults and Notice Thereof

"Defaults" are defined in the Mortgage as:

- (1) default in payment of principal;
- (2) default for 60 days in payment of interest or an installment of any fund required to be applied to the purchase or redemption of any bonds;

- (3) default in payment of principal or interest with respect to certain prior lien bonds;
- (4) certain events in bankruptcy, insolvency or reorganization;
- (5) default in other covenants for 90 days after notice; or
- (6) the existence of any default under a Class “A” Mortgage that permits the declaration of the principal of all the bonds secured by the Class “A” Mortgage and the interest accrued thereupon due and payable. (Section 15.01)

An effective default under any Class “A” Mortgage or under the Mortgage will result in an effective default under all those mortgages. The Mortgage Trustee may withhold notice of default (except in payment of principal, interest or funds for retirement of bonds) if it determines that it is not detrimental to the interests of the bondholders. (Section 15.02)

The Mortgage Trustee or the holders of 25% of the bonds may declare the principal and interest due and payable on Default, but a majority may annul the declaration if the Default has been cured. (Section 15.03) No holder of bonds may enforce the lien of the Mortgage unless the Mortgage Trustee is given written notice of a Default and the Mortgage Trustee fails to act after the holders of 25% of the bonds have requested in writing the Mortgage Trustee to act, offered it reasonable opportunity to act and offered an indemnity satisfactory to it against the costs, expenses and liabilities that may be incurred when enforcing the lien. (Section 15.16) The holders of a majority of the bonds may direct the time, method and place of conducting any proceedings for any remedy available to the Mortgage Trustee or exercising any trust or power conferred on the Mortgage Trustee. (Section 15.07) The Mortgage Trustee is not required to risk its funds or incur personal liability if there is reasonable ground for believing that repayment is not reasonably assured. (Section 19.08)

Defeasance

Under the terms of the Mortgage, we will be discharged from any and all obligations under the Mortgage in respect of the bonds of any series if we deposit with the Mortgage Trustee, in trust, moneys or government obligations, in an amount sufficient to pay all the principal of, premium (if any) and interest on, the bonds of those series or portions thereof, on the redemption date or maturity date thereof, as the case may be. The Mortgage Trustee need not accept the deposit unless it is accompanied by an opinion of counsel to the effect that (a) we have received from, or there has been published by, the Internal Revenue Service a ruling or, (b) since the date of the Mortgage, there has been a change in applicable federal income tax law, in either case to the effect that, and based thereon the opinion of counsel shall confirm that, the holders of the bonds or the right of payment of interest thereon (as the case may be) will not recognize income, gain or loss for federal income tax purposes as a result of the deposit, and/or ensuing discharge and will be subject to federal income tax on the same amount and in the same manner and at the same times, as would have been the case if the deposit and/or discharge had not occurred. (Section 20.02)

Upon the deposit, our obligation to pay the principal of (and premium, if any) and interest on those bonds shall cease, terminate and be completely discharged and the holders of such bonds shall thereafter be entitled to receive payment solely from the funds deposited. (Section 20.02)

BOOK-ENTRY, DELIVERY AND FORM

Unless we indicate differently in a prospectus supplement, the Additional Bonds initially will be issued in book-entry form and represented by one or more global bonds without interest coupons. The global bonds will be deposited with, or on behalf of, The Depository Trust Company, New York, New York, as depository, or DTC, and registered in the name of Cede & Co., the nominee of DTC. Unless and until it is exchanged for individual certificates evidencing Additional Bonds under the limited circumstances described below, a global bond may not be transferred except as a whole by the

depository to its nominee or by the nominee to the depository, or by the depository or its nominee to a successor depository or to a nominee of the successor depository.

DTC has advised us that it is:

- a limited-purpose trust company organized under the New York Banking Law;
- a “banking organization” within the meaning of the New York Banking Law;
- a member of the Federal Reserve System;
- a “clearing corporation” within the meaning of the New York Uniform Commercial Code; and
- a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among its participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants’ accounts, thereby eliminating the need for physical movement of securities certificates. “Direct participants” in DTC include securities brokers and dealers, including underwriters, banks, trust companies, clearing corporations and other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation, or DTCC.

DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others, which we sometimes refer to as indirect participants, that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

Purchases of securities under the DTC system must be made by or through direct participants, which will receive a credit for the securities on DTC’s records. The ownership interest of the actual purchaser of a security, which we sometimes refer to as a beneficial owner, is in turn recorded on the direct and indirect participants’ records. Beneficial owners of securities will not receive written confirmation from DTC of their purchases. However, beneficial owners are expected to receive written confirmations providing details of their transactions, as well as periodic statements of their holdings, from the direct or indirect participants through which they purchased securities. Transfers of ownership interests in global securities are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in the global securities, except under the limited circumstances described below.

To facilitate subsequent transfers, all global bonds deposited by direct participants with DTC will be registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of global bonds with DTC and their registration in the name of Cede & Co. or such other nominee will not change the beneficial ownership of the global bonds. DTC has no knowledge of the actual beneficial owners of the global bonds. DTC’s records reflect only the identity of the direct participants to whose accounts the global bonds are credited, which may or may not be the beneficial owners. The participants are responsible for keeping account of their holdings on behalf of their customers.

So long as the Additional Bonds are in book-entry form, you will receive payments and may transfer the Additional Bonds only through the facilities of the depository and its direct and indirect participants. We will maintain an office or agency in the location specified in the prospectus supplement for the applicable Additional Bonds, where notices and demands in respect of the Additional Bonds and the Mortgage may be delivered to us and where certificated securities may be surrendered for payment, registration of transfer or exchange.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any legal requirements in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the Additional Bonds of a particular series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in the Additional Bonds of such series to be redeemed.

Neither DTC nor Cede & Co. (or such other DTC nominee) will consent or vote with respect to the Additional Bonds. Under its usual procedures, DTC will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those direct participants to whose accounts the Additional Bonds of such series are credited on the record date, identified in a listing attached to the omnibus proxy.

So long as Additional Bonds are in book-entry form, we will make payments on those Additional Bonds to the depository or its nominee, as the registered owner of such Additional Bonds, by wire transfer of immediately available funds. If Additional Bonds are issued in definitive certificated form under the limited circumstances described below, we will have the option of making payments by check mailed to the addresses of the persons entitled to payment or by wire transfer to bank accounts in the United States designated in writing to the applicable trustee or other designated party at least 15 days before the applicable payment date by the persons entitled to payment, unless a shorter period is satisfactory to the applicable trustee or other designated party.

Redemption proceeds on the Additional Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit direct participants' accounts upon DTC's receipt of funds and corresponding detail information from us on the payment date in accordance with their respective holdings shown on DTC records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in "street name." Those payments will be the responsibility of participants and not of DTC or us, subject to any statutory or regulatory requirements in effect from time to time. Payment of redemption proceeds to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC, is our responsibility, disbursement of payments to direct participants is the responsibility of DTC, and disbursement of payments to the beneficial owners is the responsibility of direct and indirect participants.

Neither we, the Mortgage Trustee nor any agent of ours or of the Mortgage Trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any participant's or indirect participant's records relating to, or payments made on account of, beneficial ownership interests in the Additional Bonds or for maintaining, supervising or reviewing any of DTC's records or any participant's or indirect participant's records relating to the beneficial ownership interests in the Additional Bonds; or
- (2) any other matter relating to the actions and practices of DTC or any of its participants or indirect participants.

Except under the limited circumstances described below, purchasers of Additional Bonds will not be entitled to have such Additional Bonds registered in their names and will not receive physical delivery of such Additional Bonds. Accordingly, each beneficial owner must rely on the procedures of DTC and its participants to exercise any rights under the Additional Bonds and the Mortgage.

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in definitive form. Those laws may impair the ability to transfer or pledge beneficial interests in the Additional Bonds.

DTC may discontinue providing its services as securities depository with respect to the Additional Bonds at any time by giving reasonable notice to us. Under such circumstances, in the event that a successor depository is not obtained, certificates representing the Additional Bonds are required to be printed and delivered.

As noted above, beneficial owners of a particular series of Additional Bonds generally will not receive certificates representing their ownership interests in those Additional Bonds. However, if:

- DTC notifies us that it is unwilling or unable to continue as a depository for the global security or securities representing such series of Additional Bonds or if DTC ceases to be a clearing agency registered under the Exchange Act at a time when it is required to be registered and a successor depository is not appointed within 90 days of the notification to us or of our becoming aware of DTC's ceasing to be so registered, as the case may be;
- we determine, in our sole discretion and subject to DTC's procedures, not to have such Additional Bonds represented by one or more global securities; or
- an Event of Default has occurred and is continuing with respect to such series of Additional Bonds,

we will prepare and deliver certificates for such Additional Bonds in exchange for beneficial interests in the global bonds. Any beneficial interest in a global bond that is exchangeable under the circumstances described in the preceding sentence will be exchangeable for Additional Bonds in definitive certificated form registered in the names that the depository directs. It is expected that these directions will be based upon directions received by the depository from its participants with respect to ownership of beneficial interests in the global bonds.

We have obtained the information in this section and elsewhere in this prospectus concerning DTC and DTC's book-entry system from sources that are believed to be reliable, but we take no responsibility for the accuracy of this information.

PLAN OF DISTRIBUTION

We may sell the Securities through underwriters, dealers or agents, or directly to one or more purchasers. The prospectus supplement with respect to the Securities being offered will set forth the specific terms of the offering of those Securities, including the name or names of any underwriters, dealers or agents, the purchase price of those Securities and the proceeds to us from the sale, any underwriting discounts, agency fees and other items constituting underwriters' or agents' compensation, any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

If we use underwriters to sell Securities, we will enter into an underwriting agreement with the underwriters. Those Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, at a fixed public offering price, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

The underwriter or underwriters with respect to a particular underwritten offering of Securities will be named in the prospectus supplement relating to that offering and, if an underwriting syndicate is used, the managing underwriter or underwriters will be set forth on the cover page of the prospectus supplement. Any underwriting compensation paid by us to the underwriters or agents in connection with an offering of Securities, and any discounts, concessions or commissions allowed by underwriters to dealers, will be set forth in the applicable prospectus supplement to the extent required by

applicable law. Unless otherwise set forth in the prospectus supplement, the obligations of the underwriters to purchase the Securities will be subject to specific conditions, and the underwriters will be obligated to purchase all of the offered Securities if any are purchased.

If a dealer is used in the sale of any Securities, we will sell those Securities to the dealer, as principal. The dealer may then resell the Securities to the public at varying prices to be determined by the dealer at the time of resale. The name of any dealer involved in a particular offering of Securities and any discounts or concessions allowed or reallocated or paid to the dealer will be set forth in the prospectus supplement relating to that offering.

The Securities may be sold directly by us or through agents designated by us from time to time. We will describe the terms of any direct sales in a prospectus supplement. Any agent, who may be deemed to be an underwriter as that term is defined in the Securities Act, involved in the offer or sale of any of the Securities will be named, and any commissions payable by us to the agent will be set forth, in the prospectus supplement relating to that offer or sale. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a reasonable best efforts basis for the period of its appointment.

In connection with a particular underwritten offering of Securities, and in compliance with applicable law, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the prices of the classes or series of Securities offered, including stabilizing transactions and syndicate covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the Securities, which may be higher than the price that might otherwise prevail in the open market, and if commenced, may be discontinued at any time. A description of these activities, if any, will be set forth in the prospectus supplement relating to that offering.

Underwriters, dealers or agents and their associates may be customers of, engage in transactions with or perform services for us and our affiliates in the ordinary course of business.

We will indicate in a prospectus supplement the extent to which we anticipate that a secondary market for the Securities will be available. Unless we inform you otherwise in a prospectus supplement, we do not intend to apply for the listing of any series of the Securities on a national securities exchange. If the Securities of any series are sold to or through underwriters, the underwriters may make a market in such Securities, as permitted by applicable laws and regulations. No underwriter would be obligated, however, to make a market in the Securities, and any market-making could be discontinued at any time at the sole discretion of the underwriters. Accordingly, we cannot assure you as to the liquidity of, or trading markets for, the Securities of any series.

Underwriters, dealers and agents participating in the distribution of the Securities may be deemed to be “underwriters” within the meaning of, and any discounts and commissions received by them and any profit realized by them on resale of those Securities may be deemed to be underwriting discounts and commissions under, the Securities Act. Subject to some conditions, we may agree to indemnify the several underwriters, dealers or agents and their controlling persons against specific civil liabilities, including liabilities under the Securities Act, or to contribute to payments that person may be required to make in respect thereof.

During such time as we may be engaged in a distribution of the securities covered by this prospectus we are required to comply with Regulation M promulgated under the Exchange Act. With certain exceptions, Regulation M precludes us, any affiliated purchasers and any broker-dealer or other person who participates in such distributing from bidding for or purchasing, or attempting to induce any person to bid for or purchase, any security which is the subject of the distribution until the entire distribution is complete. Regulation M also restricts bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security. All of the foregoing may affect the marketability of our securities.

LEGAL MATTERS

The validity of the Securities will be passed upon for us by Perkins Coie LLP, counsel to the Company, 1120 N.W. Couch Street, Tenth Floor, Portland, Oregon 97209.
