Good afternoon!

Ecology is in receipt of Whatcom County's preliminary draft solid and hazardous waste management plan. Per RCW 70.95.090(8), it includes an assessment of the plan's impact on the costs of solid waste collection, prepared in conformance with WUTC guidelines (see Appendix E). I am forwarding the plan to the WUTC for your 45-day review, per RCW 70.95.096.

I look forward to your feedback, and am available if you wish to discuss the plan with me.

Sincerely,

*Diana Wadley*
