Mr. King:

Enclosed is Cascade's Summary of Meter Performance for year 2015 for all residential and small commercial meters in service as of December 31, 2015. These meters fall within the scope of the company's Statistical Sample Program dated August 18, 1995.

All larger meters in service were tested according to their required periodic schedule. The total number of meters in service in Washington at the end of 2015 was 210,958.

Sincerely,

Brett Hudson
Manager, Measurement
