RE: Tariff Submittal, Tariff Number 27, Original Tariff, Murrey's Disposal Co., Inc. G-9.

Dear Mr. King:

Attached please find original pages for Tariff Number 27, for Murrey's Disposal Co., Inc. G-9.

We are filing this filing in accordance with Order No. 3, Section 8, which was issued in TG-130501 and mandates us to file a general rate case no later than April 1, 2016, using calendar year 2015 as the 12-month test period. With this filing, we respectfully request the Commission approve a general rate increase to recover higher costs for wages, employee benefits, and new facilities for our Company.

The increase is proposed as follows: Residential service \$158,600, 2.03%; commercial service \$67,700, 2.03%; multi-family service \$24,600, 2.04%; roll-off service \$34,600, 2.03%; and residential/multi-family recycling service \$71,900, 2.10%. There are approximately 33,000 residential; 1,160 commercial; 2,000 multi-family; 305 roll-off; and 35,350 recycling customers affected by this change.

We combined the results of the single family, multi-family, and recycle station Lurito-Gallagher's to achieve the results above, as was instructed during TG-130501.

The last general rate increase approved by the Commission became effective October 16, 2013.

Attached are the proposed tariff pages containing the increased rates, as well as supporting documentation for those changes. If these rates are approved by the Washington Utilities and Transportation Commission they are intended to become effective on May 1, 2016.

Please note that our filing includes certain documents that contain valuable commercial information and is therefore being submitted in accordance with the procedures established in WAC 480-07-160. It is presented in one submission to the web portal, but in three separate parts. Part 1 includes both electronic (native file format) and a PDF copy of all files that do not contain confidential material. Part 2 contains confidential unredacted files in both electronic and PDF format. All confidential portions of these files are marked "Confidential per WAC 480-07-160" and are shaded in grey so confidential portions can easily be identified. Part 3 contains the confidential redacted files in PDF format only. In addition, paper copies of the confidential and confidential redacted workpapers will be submitted, with the unredacted workpapers printed on yellow paper with the confidential information clearly designated, and contained in a sealed and labeled envelope.

A rate increase notification letter will be mailed to all customers affected by these proposed changes no later than March 31, 2016. A notice letter will also be delivered on or before March 31, 2016 to the office of the Pierce County Council Chair.

If you have any questions regarding this filing, please contact me at (360) 832-8749 or via email at [irmgardw@wcnx.org](mailto:irmgardw@wcnx.org), or Heather Garland at (360) 695-4923, [HeatherG@WasteConnections.com](mailto:HeatherG@WasteConnections.com).

Sincerely,

Item 10 - Application of Rates -- General

Rates named in this tariff cover the collection, transportation, and disposal of solid waste. When specifically referred to, rates also cover the collection and transportation of recyclable materials and/or yardwaste.

Title 81.77 of the Revised Code of Washington (RCW) and Chapter 480-70 of the Washington Administrative Code (WAC) govern operations of solid waste collection companies and the tariffs companies must file with the Washington Utilities and Transportation Commission (WUTC).

Unless exceptions are shown, all materials must be placed on the same level as the streets or alleys.

The company may charge additional amounts for disposal fees only when specifically stated in the tariff and separately shown on customer bills.

Item 15 -- Holiday Pickup -- Regularly Scheduled Service

When a pickup is missed due to the company's observance of a holiday, the company will provide service, at no additional cost to the customer, on an alternate day.

A list of the holidays the company observes is shown in Item 60.

For application of rates in this tariff, the company defines alternate day to mean the following:

The Carrier shall observe Thanksgiving Day, Christmas Day and New Years Day as the only Holidays that will require alternate days. Service that normally would have been provided on these days will be provided on the first day (including Saturday) following each respective holiday and the day following within the week.

Item 16 -- Change in Pickup Schedule

When a company changes the pick-up date for its certificate area, or a portion of its certificate area, the company must notify all customers in the affected area of that change.

Notice must be made at least seven days before implementation of a new pickup schedule and may be made via mail, personal contact, or by a notice being affixed to the customer's solid waste receptacle.

Item 17 -- Refunds

**Credit due the customer.** When there has been a transaction that results in a credit due the customer, the following apply:

- (a) If the amount due is five dollars or less, an adjustment will be made to the customer's account. The adjustment must be shown on the next regular bill.
- (b) If the amount due is more than five dollars, the customer may accept an account adjustment or may request a refund.
  - (1) If the customer elects to have an account adjustment made, the adjustment must show on the next regular billing.
  - (2) If the customer elects to receive a refund, the company must issue a check within thirty days of the request.

**Overcharges.** Once a company becomes aware that it has overcharged a customer, it must provide a refund or an account adjustment credit to the customer. The customer must be given a choice as to which option is preferred. The refund or credit must be the amount overcharged in the three years before the date of discovery.

- (a) If the customer elects to have an account adjustment made, the adjustment must show on the next regular billing.
- (b) If the customer elects to receive a refund, the company must issue a check within thirty days of the request.

**Prepayments.** If a customer has paid service fees in advance, service is discontinued during the pre-billed period, and the customer is due a refund, the following apply:

- (a) A company must honor all requests for refunds of the unused portion of prepayments.
- (b) If the customer provides a forwarding address to the company or one can be obtained from the Post Office, the company must issue a refund check no more than thirty days following the customer's request.
- (c) If the customer cannot be located or did not provide a forwarding address and the U.S. Post Office cannot furnish a forwarding address, the amount may be presumed to be abandoned and is subject to the Uniform Unclaimed Property Act after one year.

Item 18 -- Billing, Advance Billing, and Payment Delinquency Dates

**Billing period.** A company may bill its customers for one, two, or three months of service.

**Advance billing and payment delinquency dates.** The following chart defines the maximum period allowed for advance billing and the date when a bill may be considered delinquent:

Billing Period	Maximum advance billing period allowed	Delinquency date
One month's service (monthly)	No advance billing allowed	May not be less than 21 days after the date the bill is mailed
Two months' service	One month's advance billing allowed	May not be until the last day of the second month
Three months' service	Two month's advance billing allowed	May not be until the last day of the third month

The billing period chosen by the company operating under this tariff for its residential solid waste accounts is: Two months' service

**Late Charges.** A late charge will be added for any account which remains unpaid at the time of the next regular billing in the amount of 1% minimum \$1.00.

Item 20 -- Definitions

*NOTE: The definitions shown on the first three pages of this item are standard, in most cases prescribed by rule. Companies may not amend these definitions, except to fill in blanks for maximum weights of various receptacles. Companies wishing to add definitions specific to their company's operations must include those definitions on a separate page, entitled "Company-specific definitions." A blank sheet is provided for that purpose.*

Bale:	Material compressed by machine and securely tarped or banded.
Bulky materials:	Empty carriers, cartons, boxes, crates, etc., or materials offered for disposal, all of which may be readily handled without shoveling.
Charge:	A set flat fee for performing a service. Or, the result of multiplying a rate for a unit times the number of units transported.
Commercial billing:	Service billed to a commercial customer or billed to, and paid for, by a property manager or owner rather than a residential tenant.
Compactor disconnect/reconnect charge:	A flat fee established by the solid waste collection company for the service of disconnecting a compactor from a drop box or container before taking it to be dumped, and then reconnecting the compactor when the drop box or container is returned to the customer's site.
Gate charge:	A flat fee charged for opening, unlocking, or closing gates in order to pick up solid waste.
Loose material:	Material not set out in bags or containers, including materials that must be shoveled.
Multi-family residence:	Any structure housing two or more dwelling units. One dwelling unit if service is paid by the property owner.
Packer:	A device or vehicle specially designed to pack loose materials.
Pass through fee:	A fee collected by a solid waste collection company on behalf of a third party when the fee is billed directly to the customer without markup or markdown. See Item 230.
Permanent service:	Container and drop-box service provided at the customer's request for more than 90 days.
Rate:	A price per unit or per service. A rate is multiplied times the number of units transported or the number of times a service is performed to determine a charge.
Solid waste receptacle:	Includes the following items, with the following meanings:  <b>Automated cart</b> means a cart designed to be picked up and emptied by mechanical means. The specific type and size are to be defined in rate items.

Solid waste  
receptacle, cont'd:

**Can** means a receptacle made of durable, corrosion-resistant, nonabsorbent material that is watertight, and has a close-fitting cover and two handles. A can holds more than twenty gallons, but not more than thirty-two gallons. A can may not weigh more than 45 pounds when filled.

**Cart** means a wheeled plastic container. A cart may also be referred to as a toter. If supplied by a customer, a cart must be compatible with the company's equipment. The size and type of cart that is compatible will be established in each company's tariff.

**Container** means a detachable receptacle (normally designed to hold at least a cubic yard of solid waste) from which materials are collected by mechanically lifting the receptacle and emptying the contents into the company's vehicle.

**Drop box** means a detachable receptacle used to provide solid waste collection service by the receptacle being placed on the company's vehicle by mechanical means and transported to a disposal site.

**Drum** means a metal or plastic container of approximately fifty gallon capacity, generally used for oils or solvents. A drum may not weigh more than 50 pounds when filled.

**Litter receptacle** means a container not over sixty-gallon capacity, generally placed in shopping centers and along streets or highways for litter. A litter receptacle may not weigh more than 50 pounds when filled.

**Micro-mini can** means a can made of durable, corrosion-resistant, nonabsorbent material that is watertight and has a close-fitting cover. A micro-mini can may not hold more than ten gallons. A micro-mini can may not weigh more than 20 pounds when filled.

**Mini-can** means a can made of durable, corrosion-resistant, nonabsorbent material that is watertight and has a close-fitting cover. A mini-can may not hold more than twenty gallons. A mini-can may not weigh more than 30 pounds when filled.

**Recycling bin or container** means a bin or container designed or designated for the collection of recyclables. The size and type of recycling bin or container will be established in each company's tariff.

receptacle, cont'd:

**Toter** means a wheeled plastic container. A toter may also be referred to as a cart. If supplied by customer, a toter must be compatible with the company's equipment. The size and type of toter that is compatible will be established in each company's tariff.

**Unit** means a receptacle made of durable, corrosion-resistant, nonabsorbent material, that is watertight, and has a close-fitting cover and two handles. A unit holds more than twenty gallons, but not more than thirty-two gallons or four cubic feet. A unit may not weigh more than 45 pounds when filled.

Where agreed upon between the company and the customer, and where allowable under local ordinance, a box, carton, cardboard barrel, or other suitable container may be substituted for a solid waste can, for a single pick-up that includes removal of the container, if it meets the size and weight limits established in the company's tariff.

**Yardwaste bin or container** means a bin or container specifically designed or designated for the collection of yardwaste. Each company's tariff will refer to a specific type of yardwaste bin or container to be used in a service area. The type, size, weight, etc., of this type of bin or container will often be set by local government plans or ordinances.

Special pick-up:

A pick-up requested by the customer at a time other than the regularly scheduled pick-up time, that does not require the special dispatch of a truck. If a special dispatch is required, the company will assess time rates established in the company's tariff.

Supplement:

A page added to the beginning of a tariff, normally to cover emergency, temporary, or special situations. An example is a page issued to show a special surcharge imposed by a city.

Temporary service:

Temporary service means providing container or drop-box service at the customer's request, for a period of ninety days or less.

Unlatching:

Another term for a gate charge. A flat fee imposed by a solid waste collection company when the company's personnel must unlatch a gate or door to perform pickup service.

Unlocking:

A flat fee imposed by a solid waste collection company when the company's personnel must unlock padlocks or other locking devices to perform pickup services.

Item 30 -- Limitations of Service

**1. Schedules.** A company's schedule will meet reasonable requirements and will comply with local service level ordinances.

**2. Due care.** Other than to offer reasonable care, the company assumes no responsibility for articles left on or near solid waste receptacles.

**3. Liability for damage.** When a customer requests that a company provide service and damage occurs to the customer's driveway due to reasons not in the control of the company, the company will assume no responsibility for the damage.

**4. Refusal of service.** (Except as set forth in Section 5, Missed service due to unsafe weather conditions, road conditions, natural disaster or when government authority restricts access to local roads.)

A solid waste collection company may refuse to:

Collect solid waste from points where it is hazardous, unsafe, or dangerous to persons, property, or equipment to operate vehicles due to the conditions of streets, alleys, or roads.

Drive into private property when, in the company's judgment, driveways or roads are improperly constructed or maintained, do not have adequate turn-arounds, or have other unsafe conditions; or

Enter private property to pick up solid waste while an animal considered or feared to be dangerous is not confined. The customer will be required to confine the animal on service days.

**5. Missed service due to unsafe weather conditions, road conditions, natural disaster or when government authority restricts access to local roads.** A company is not required to collect solid waste when the company determines that it is unsafe to operate due to weather conditions, road conditions, natural disaster, or when government authority restricts access to local roads. The company will collect on the next scheduled service date on which the company deems it is safe to operate, and will take other reasonable actions to resume or provide alternative service as soon as reasonably practicable.

a. The company is not obligated to extend credit to customers for missed service if the company collects the customers' accumulated solid waste on the next scheduled service date on which the company deems it to be safe to operate. The company will not charge for extra waste set out (except provided in Item 207, if applicable) in addition to customers' normal receptacle(s), if the amount of extra waste does not exceed the amount that reasonably would be expected to accumulate due to missed service.

b. If the company does not collect a customer's accumulated solid waste on the next scheduled service date on which the company determines it is safe to operate, the company is required to give a credit, proportionate to the customer's monthly service charge, for all missed service(s).

Item 30 -- Limitations of Service-Continued

**6. Missed service due to a labor disruption, which causes work stoppages that prevent or limit a company from collecting solid waste. A company must:**

- a. Immediately inform the commission's regulatory services and consumer protection staff when a labor disruption is imminent by email at: [servicedisruption@utc.wa.gov](mailto:servicedisruption@utc.wa.gov). This email must be used for all communications regarding the labor disruption.
- b. Provide daily email reports to the commission regarding the company's progress toward meeting full service requirements.
- c. Develop and implement a customer outreach plan regarding the labor disruption, what to expect, and how to contact the commission.
- d. Provide the commission's regulatory services and consumer protection staff with a copy of the customer outreach plan by email.
- e. Provide an email that includes a schedule and plan for communicating with local governments and the media.
- f. Use all reasonable, practicable means to resume regularly-scheduled service to all customers within five business days, not including the first day of the labor disruption. Resuming services within five business days is presumptively reasonable and practicable; provided, however, that under specific circumstances arising at the time of a labor disruption, the presumption may be rebutted by evidence that the company acted contrary to the public interest and unreasonably delayed resumption of collection services. Relevant factors may include the company's resources; the circumstances of the labor disruption; the amount of time, if any, that the company had to prepare for the labor disruption; the company's execution of any contingency plan, if any; organization and training of any replacement workers; ambulatory picketing that might delay restoration of service; and workplace safety issues and coordination with local government agencies that may affect overall public safety.
- g. Collect all accumulated solid waste at the customer's next regularly-scheduled service date after service resumes as set forth in subsection (f) above. The company will not charge for extra waste set out in addition to customers' normal receptacle(s) if the amount of extra waste does not exceed the amount that reasonably would be expected to accumulate due to missed service.

Item 30 -- Limitations of Service-Continued

- h. The company is not obligated to extend credit to missed customers who do not receive service if the company collects the customers' accumulated solid waste as required in subsection (g) above or if the company did not unreasonably delay the restoration of service during the five business day grace period. If the company does not collect all of a customer's accumulated solid waste as required in subsection (g) above, or if the company unreasonably delayed the restoration of service during the five business day grace period, the company is required to give a credit to the customer, proportionate to the customer's monthly service charge, for all missed services and for each subsequent missed service until normal service is restored.
- i. When the labor disruption has been settled, notify the commission's regulatory services and consumer protection staff by email, and indicate when normal service is anticipated to resume.

**7. Definitions:**

- a. "Reasonably would be expected to accumulate due to missed service" means, at a minimum, the amount of solid waste represented by the number of missed service(s) multiplied by the customer's subscribed service level. For example, if the company misses two services for a customer who subscribes to one 96-gallon toter, the amount would be the equivalent of 192 gallons (2 services x 96 gallons subscription per service).
- b. "Next scheduled service date" – this date is defined by each customer's subscription service.
  - i. Example 1: A residential customer subscribes to weekly service that the company schedules for every Wednesday. If the company does not provide service on Wednesday, November 14, the next scheduled service date would be Wednesday, November 21.
  - ii. Example 2: A commercial customer subscribes to daily service. If the company does not provide service on Wednesday, November 14, the next scheduled service date would be Thursday, November 15.
  - iii. Example 3: A residential customer subscribes to every-other-week recycling service scheduled for Wednesday, November 14. If the company does not provide service on Wednesday, November 14, the next scheduled service date would be Wednesday, November 28.
- c. Example of how to calculate a credit: Monthly residential service rates are set based on 4.33 services per month. If the company misses one service, the credit is calculated as: .231 (1 missed service divided by 4.33 services per month) multiplied by the service-related component of the monthly rate (excluding disposal and processing costs); provided that the credit for any specific month does not exceed the full rate per month. Any customer credits for missed recycling services will include the recycling commodity credit.

Item 40 -- Material Requiring Special Equipment, Precautions, or Disposal

Transportation of solid waste requiring special equipment or precautions in handling or disposal will be subject to time rates named in Item 160, or to other specific rates contained in this tariff.

Companies must make every effort to be aware of the commodities that require special handling at the disposal sites named in the company's tariffs. The company shall maintain a list of those commodities and make it available for public inspection at the company's office.

Item 45 -- Material Requiring Special Testing and/or Analysis

When a solid waste collection company or disposal facility determines that testing and/or analysis of solid waste is required to determine whether dangerous or prohibited substances are present, the actual cost for such testing and/or analysis will be paid by the customer. The company must provide the customer with a copy of any bill or invoice for costs incurred for testing and/or analysis and also must retain a copy in the company's file for at least three years. Those costs shall be passed through to the customer without markup. The company must maintain records of time spent to accomplish the special testing and/or analysis, and may bill the customer for that time under the provisions of Item 160 (Time Rates).

Item 50 -- Returned Check Charges

**Returned Check Charge.** If a customer pays with a check, and the customer's bank refuses to honor that check, the customer will be assessed a return check charge in the amount of \$20.40 (A)

The company reserves the right to reject pickup of any residential receptacle (can, unit, bag, mini-can, or micro-mini-can) which, upon reasonable inspection exceeds the size and weight limits shown in Item 20.

If the receptacle exceeds the size and/or limits stated in Item 20, is overfilled, or the top is unable to be closed, but the company transports the materials, the following additional charges will apply.

\$7.72 (A) per dump.

If the company empties an overweight can, the company will determine the can weight by use of a hand-scale and the weight and the pick up date shall be stated on the invoice as a separate line item. (N)

*NOTE: For charges applying on overweight totes, carts, containers, or drop boxes see item 207.*

Item 60 -- Overtime Periods

Companies will assess additional charges when providing services, at customer request, during overtime periods. Overtime periods include Saturdays, Sundays, and the following holidays:

New Years Day (January 1)	Labor Day
Memorial Day	Thanksgiving Day

Item 75 -- Flat Monthly Charges

This rule applies in connection with Items 105,120, 130, 240, 245, 250, 255, 260, 265, 270, and 275.(C)

A flat monthly charge may be assessed if computed as follows:

1. If weekly service is provided: Multiply the rate times 4.33 and then multiply that figure times the number of units picked up.
2. If every other week service is provided: Multiply the rate times 2.17 and then multiply that figure times the number of units picked up.
3. For Items 240, 250, 260, and 270: For permanent, regularly scheduled pickups, a flat monthly charge may be assessed if computed as follows:
  - a. For weekly service, each container provided:
    - i. If monthly rent is shown: monthly rent plus (4.33 times pickup rate times number of pickups per week)
    - ii. If monthly rent is not shown: 1st pickup rate plus (3.33 times additional pickup rate) plus (4.33 times additional pickup rate times additional weekly pickups).
  - b. For every-other week service, each container provided:
    - i. If monthly rent is shown: monthly rent plus (2.17 times pickup rate times number of pickups per week)
    - ii. If monthly rent is not shown: 1st pickup rate plus (1.17 times additional pickup rate) plus (2.17 times additional pickup rate times additional weekly pickups).

Item 80 -- Carry-out Service, Drive-Ins

Companies will assess the following additional charges when customers request that company personnel provide carry-out service of cans/units not placed at the curb, the alley, or other point where the company's vehicle can be driven to within five feet of the cans/units using improved access roads commonly available for public use. Driveways are not considered improved access roads commonly available for public use.

	Rate	
	Residential Per Unit, Per Month	Commercial Per Unit, Per Pickup
Charge for Carry-outs		
Cans, units, mini-cans, or micro-mini cans that must be carried out over 5 feet, but not over 25 feet.	\$2.10 (A)	\$0.486 (A)
For each additional 25 feet, or fraction of 25 feet, add	\$0.83 (A)	\$0.191 (A)

NOTE: The company may elect to drive in at the rates shown above, except the charge will be limited to one can, unit, mini-can, or micro-mini can. If cans, units, mini-cans, or micro-mini-cans are carried over 125 feet, but are safely accessible to the company's vehicle, the drive-in charges shown below must be assessed instead.

	Rate	
	Residential Per Month	Commercial Per Unit, Per Pickup
Charge for Drive-ins (per pickup)		
Drive-in on driveways of over 125 feet,	\$4.71 (A)	\$1.088 (A)

Applies to Curbside Recycling:

Drive-in on driveways	\$4.54 (A)	n/a
Drive-in on private roads	\$4.54 (A)	n/a

Applies to Yard Waste:

Drive-in on driveways	\$4.54	n/a
Drive-in on private roads	\$4.54	n/a

Note: For the purpose of assessing drive-in fees, a driveway is defined as providing access to a single residence. If a driveway provides access to multiple residences or accounts, no drive-in fees will be assessed, unless service is provided to multiple customers via primitive private road, in which case each residential customer shall be charged \$3.83 (A) per month per line of business (garbage, recycling and/or yard waste). (C)

A "primitive" road is defined as a road in which a garbage truck is unable to drive safely at a speed greater than five miles per hour.

Item 100 -- Residential Service -- Monthly Rates (continued)

**Curbside recycling** provisions shown on this page apply only in the following service area:

Pierce County as described in Appendix A

Following is a description of the recycling program (type of containers, frequency, etc.). The program meets all requirements of RCW 81.77.185 in accordance with Ordinance No. 2004-64 of Pierce County.

Residential curbside recycling will be picked up bi-weekly on a year round basis. Service rendered on the same day as solid waste collection.

Customers will receive a wheeled cart with a lid. Items that will be accepted for single-stream recycling include.

Newspaper:	Includes only newspaper and catalogs made out of newsprint.
Mixed Paper:	All other paper products, including magazines and catalogs.
Cardboard:	Corrugated containers (Must be free of all food contaminates)
Paper Cartons:	Cartons as type used for milk and juice. Juice boxes are not accepted.
Aluminum:	Aluminum cans and containers only. Cans must be flattened and placed in the cart.
Metal Containers:	Food quality tin cans only.
Plastics:	Acceptable plastics include, plastic jars, plant pots, tubs, bottles and buckets. Plastic containers that are contaminated with motor oil or other hazardous materials, such as pesticides, will not be accepted. Plastic bags and clamshell packaging will not be accepted.

If recyclable material is found to contain contaminates by inclusion of material not allowed or by contamination of materials the containers will not be accepted as recyclable material and will be tagged for the customer to sort the material. If the contaminates or contaminated materials are not removed by the next scheduled pick-up day they will be transported to the landfill at applicable solid waste collection rates as stated in carriers' tariff.

Item 100 -- Residential Service -- Monthly Rates (continued)

**Yardwaste Service** provisions shown on this page apply only in the following service area:

Yard waste service shall be offered in those portions of Pierce County identified in Ordinance No. 92-22 as urban zones.

Following is a description of the yard waste program (type of containers, frequency, etc.). Program provided in accordance with Ordinance No. 92-22 of Pierce County.

Yard waste will be picked up bi-weekly on a year round basis. Service to be rendered on the same day as solid waste and recycling service.

Carrier shall supply a container that will hold 90 gallons.

The term "Yard Waste Collection" shall be understood to mean materials which consist of leaves, brush, tree trimmings, grass clippings, weeds, shrubs, garden waste from vegetable gardens, and other compostable organic materials resulting from landscape pruning and maintenance as generated from residences. Branches or roots must be smaller than 4 inches in diameter. Branches and brush must be a length to fit within the closed container. Yard waste does not include stumps, demolition wood, large amounts of dirt, rocks, glass, plastics, metal, concrete, sheetrock, asphalt or any other non-organic land clearing debris nor any food such as meat, fish, bones, or fatty foods such as dairy products and cooking oil.

If yard waste is found to contain contamination by inclusion of materials not allowed, the container will not be accepted as yard waste, but will instead be transported to the landfill at applicable solid waste collection rates as stated in carriers' tariff.

Item 105 -- Multi-family Service - Monthly Rates (continues on next page)

Service Area: Pierce County as described in Appendix A

Note 4: Customers will be charged for service requested even if fewer units are picked up on a particular trip. No credit will be given for partially filled cans. No credits will be given if customer fails to set receptacles out for collection.

Note 5: For customers on automated service routes: The company will assess roll-out charges where, due to circumstances outside the control of the driver, the driver is required to move an automated cart or toter more than 5 feet in order to reach the truck. The charge for this roll-out service is: (see Item 205) per cart or toter, per pickup.

Note 6: The charge for an occasional extra can, unit, toter, mini-can, or micro-mini-can on a regular pickup is:

Type of receptacle	Rate per receptacle Per pickup
32-gallon can or unit	\$4.22 (A)
Mini-can	\$4.22 (A)
Micro-mini-can	\$4.22 (A)
Yard Waste	\$2.10
60-gallon toter	n/a

Note 7: Customers may request no more than one pickup per month, on an "on call" basis, at \$18.15 (A) per can/unit. Service will be rendered on the normal scheduled pickup day for the area in which the customer resides. Note: If customer requires service to be provided on other than normal scheduled pickup day, rates for special pickups, Item 160, will apply.

Item 160 -- Time Rates

**When time rates apply.** Time rates named in this Item apply:

- (a) When material must be taken to a special site for disposal;
- (b) When a company's equipment must wait at, or return to, a customer's site to provide scheduled service due to no disability, fault, or negligence on the part of the company. Actual waiting time or time taken in returning to the site will be charged for; or
- (c) When a customer orders a single, special, or emergency pickup, or when other items in this tariff refer to this Item.

**How rates are recorded and charged.** Time must be recorded and charged for to the nearest increment of 15 minutes. Time rates apply for the period from the time the company's vehicle leaves the company's terminal until it returns to the terminal, excluding interruptions. An interruption is a situation causing stoppage of service that is in the control of the company and not in the control of the customer. Examples include: coffee breaks, lunch breaks, breakdown of equipment, and similar occurrences.

**Disposal fees in addition to time rates.** Item 230 disposal fees for the specific disposal site or facility used will apply in addition to time rates.

Item 200 -- Containers and/or Drop Boxes -- General Rules

**Availability.** A company must maintain a supply of all sizes of containers and drop boxes for which rates are listed in this tariff. If a customer requests a container or drop box of a size listed in the company's tariff, and the company is unable to provide the requested size within 7 days of the customer request, the customer must be notified in writing or by telephone.

**Alternate-sized containers and/or drop boxes.** If the company cannot provide the requested-sized container or drop box (and that size is listed in the company's tariff), the company must provide alternate-sized containers or drop boxes, sufficient to meet the capacity originally requested by the customer, at the same rates as would have applied for the requested container or drop box.

**Disposal fees due on alternate-sized drop boxes.** If the company provides alternate-sized drop boxes, the customer is responsible for all lawfully applicable disposal fees resulting from the use of the alternate drop boxes.

**Rates on partially-filled containers and/or drop boxes.** Full pickup and rental rates apply regardless of the amount of waste material in the container or drop box at pickup time.

**Rates for compacted materials.** Rates for compacted material apply only when the material has been compacted before its pickup by the company.

**Rates for loose material.** Loose material dumped into the company's packer truck is subject to the rates for non-compacted material even though the material may be compacted later in the packer truck.

**Permanent and temporary service.** The following rules apply:

(a) If a customer requests a container or drop box for less than 90 days, the customer will be billed at temporary service rates.

(b) If a temporary service customer notifies the company that it has decided to retain the container or drop box for more than 90 days, permanent service rates will be assessed from the 91st day until the end of the period the customer retains the container or drop box.

(c) If a customer requests a container or drop box for more than 90 days, the customer will be billed under permanent rates. If that customer cancels service before the end of the 90-day period, the company may not rebill the customer at temporary service rates. The intent of the customer at the time service was requested applies.

Item 205 -- Roll-Out Charges -- Containers, Automated Carts, and Toters

**Charges for containers.** The company will assess roll-out charges where, due to circumstances outside the control of the driver, the driver is required to move a container more than five feet, but less than 25 feet, in order to reach the truck. The charge for this roll-out service is:

\$3.67 (A) per container, per pickup.

Over 25 feet, the charge will be the charge for 25 feet, plus \$.51 (A) per increment of 5 feet.

**Charges for automated carts or toters.** The company will assess roll-out charges where, due to circumstances outside the control of the driver, the driver is required to move an automated cart or toter more than 5 feet in order to reach the truck. The charge for this roll-out service is:

\$3.67 (A) per cart or toter, per pickup.

Over 25 feet, the charge will be the charge for 25 feet, plus \$.51 (A) per increment of 5 feet.

Note: The above named charges apply to garbage and recycling/yard waste services. (N)

Item 207 -- Excess Weight -- Rejection of Load, Charges to Transport

The company reserves the right to reject pickup of any container, stationary packer, or drop box which, upon reasonable inspection:

- (1) Appears to be overloaded.
- (2) Would cause applicable vehicle load limitations to be exceeded;
- (3) Would cause the company to violate load limitations or result in unsafe vehicle operation; and/or
- (4) Would negatively impact or otherwise damage road surface integrity.

For the purposes of this tariff, the following maximum weights apply:

Type/Size of Container, Drop Box, Toter, or Cart	Maximum Weight Allowance per Receptacle (in pounds)
Drop Box	40,000 Lbs
Compactor	40,000 Lbs

Type/Size of Container, Drop Box, Toter, or Cart	Maximum Weight Allowance per Receptacle (in pounds)

\*Total weight = truck, compactor and/or drop box and content.

**Overfilled or overweight, charges if transported.** If the container, drop box, toter, or cart exceeds the limits stated above, is filled beyond the marked fill line, or the top is unable to be closed, but the company transports the materials, the following additional charges will apply:

Type/Size of Container, Drop Box, Toter, or Cart	Charge
Drop Box	\$20.40 Per Haul (A)
Compactor	\$20.40 Per Haul (A)

Type/Size of Container, Drop Box, Toter, or Cart	Charge

**Murrey's Disposal Company, Inc.**  
**Land Summary**

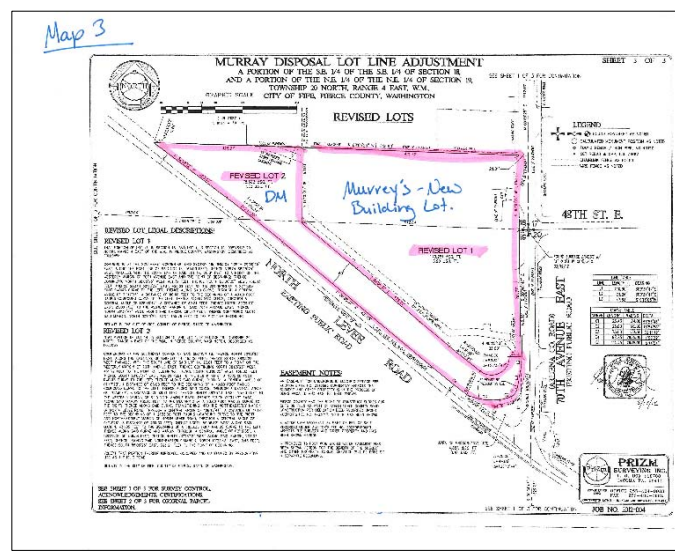

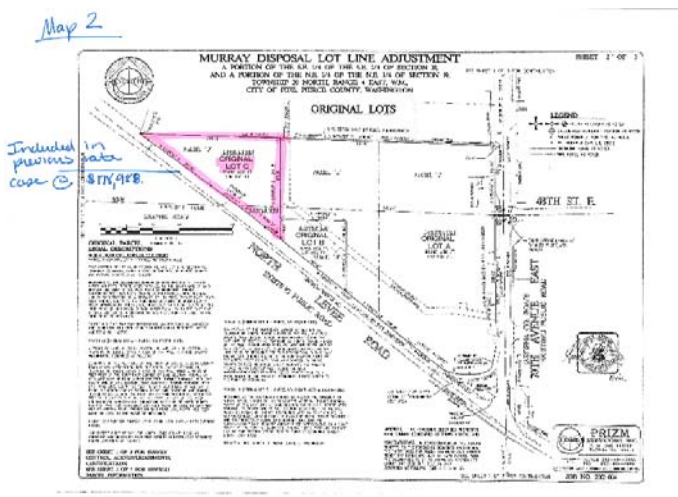

**Background:** In August 2012, in conjunction with building a new operating facility, Murrey's Disposal filed for a lot line adjustment to change the lot lines of 4 lots (2 existing Murrey's lots, and 2 existing DM lots). This lot line adjustment was approved by the City of Fife, and results in the new lots and ownership as shown on Map #1 below. Murrey's Disposal now owns ALL lots on which operations are performed. DM owns other smaller portions of land where operations are not performed. The new building is now located on a large piece of land that was previously owned by DM and was never included in rates. The information below supports the removal of a portion of DM land that was included in the prior rate case, and the addition of the large piece of land where the new building now sits and that is now owned by Murrey's.

Land as approved in the last general rate filing (TG-130501/130502):

Description	Value	Notes
Land	\$ 724,910	Original land value of all "original" Murrey's lots. See Map #1 Below. Indicated by (1)'s.
Land - 6803 N Levy Rd. E (4/30/2003)	\$ 178,988	Original "Lot C" - see Map #2 below. Also indicated by (2) on Map #1. This parcel is removed from the 2015 rate filing.

Land to be filed in current rate case - after lot line adjustments and new building:

Description	Value	Notes
Land	\$ 724,910	These lots have not changed and are the existing Murrey's lots - See Map #1 Below. Indicated by (1)'s. This lot was previously owned by DM, and was never included in past rate filings. It was transferred to Murrey's with the new building, and therefore will be included in this filing. See Map #3 Below. Also indicated by (3) on Map #1.

## RATE INCREASE NOTICE FOR RESIDENTIAL GARBAGE AND RECYCLING

Dear Customer:

March 31, 2016

Murrey's Disposal Co., Inc. has filed a request for a rate increase with the Washington Utilities and Transportation Commission (WUTC) to comply with an Order from the WUTC to file a general rate case on or before April 1, 2016. The last general rate increase was approved by the WUTC October 16, 2013. Since that time, we have experienced higher costs for employee wages, benefits and improved facilities.

If approved, the proposed rates will become effective May 1, 2016. The rate per month will increase as follows:

	Current Rate	Proposed Increase	Proposed Rate
	<u>Per Month</u>	<u>Per Month</u>	<u>Per Month</u>
<b>Residential:</b>			
20 gal weekly	13.30	.27	13.57
1-32 gal weekly	16.62	.34	16.96
2-32 gal weekly	24.43	.49	24.92
1-32 gal per month	10.30	.21	10.51
Non-Recycling customers add \$1.00 per month per can			
Occasional extra unit	4.14	.08	4.22
Other services not listed will increase an average of 2.02%			
<b>Recycling:</b>			
96-gal every-other-week	7.10	.15	7.25
Recycling Only	10.66	.23	10.89
Other services not listed will increase an average of 2.14%			

If you have any questions regarding this increase, please contact Murrey's Disposal Co., Inc. between 8:00 a.m. and 4 p.m. Monday through Friday.

The Commission has the authority to set final rates that may be either lower or higher from the Company's request, depending on the results of its investigation. Commission staff will make a recommendation to the Commissioners at an open meeting in Olympia, which is scheduled for 9:30 a.m. on April 28, 2016. The WUTC is committed to providing reasonable accommodation to participants with disabilities. If you need reasonable accommodation, please contact the Commission at (360) 664-1132 or [human\\_resources@utc.wa.gov](mailto:human_resources@utc.wa.gov). You will have an opportunity to comment in person at this meeting. If you are unable to attend the open meeting, the Commission has a bridge line which enables you to participate or listen by telephone. Call 360-664-1234 for instructions the day before the open meeting. You can also comment by using the "Public Comment" feature at the Commission's Web site at [www.utc.wa.gov](http://www.utc.wa.gov) or by using the contact information below.

Dear Customer:

March 31, 2016

Murrey's Disposal Co., Inc. has filed a request for a rate increase with the Washington Utilities and Transportation Commission (WUTC) to comply with an Order from the WUTC to file a general rate case on or before April 1, 2016. The last general rate increase was approved by the WUTC October 16, 2013. Since that time, we have experienced higher costs for employee wages, benefits and improved facilities.

If approved, the proposed rates will become effective May 1, 2016. The rate per haul will increase as follows:

Customer Owned Drop Box:	Current Rate	Proposed Increase	Proposed Rate
	Per Haul	Per Haul	Per Haul
10 yard	82.00	1.66	83.66
20 yard	86.85	1.76	88.61
25 yard	95.20	1.93	97.13

Tarping	11.90	.24	12.14
Miles over 5 miles	3.50	.07	3.57
Other services not listed will increase an average of 2.02%			

If you have any questions regarding this increase, please contact Murrey's Disposal Co., Inc. between 8:00 a.m. and 4 p.m. Monday through Friday.

The Commission has the authority to set final rates that may be either lower or higher from the Company's request, depending on the results of its investigation. Commission staff will make a recommendation to the Commissioners at an open meeting in Olympia, which is scheduled for 9:30 a.m. on April 28, 2016. The WUTC is committed to providing reasonable accommodation to participants with disabilities. If you need reasonable accommodation, please contact the Commission at (360) 664-1132 or [human\\_resources@utc.wa.gov](mailto:human_resources@utc.wa.gov). You will have an opportunity to comment in person at this meeting. If you are unable to attend the open meeting, the Commission has a bridge line which enables you to participate or listen by telephone. Call 360-664-1234 for instructions the day before the open meeting.
