Re: Report of Weighted Average Cost of Propane Fuel Inventory
First Quarter - 2016

Dear Mr. King:

Pursuant to WN U-2 tariff for natural gas service of Puget Sound Energy ("PSE") Supplemental Schedule No. 101 Gas Cost Rates, please find enclosed the Report of Weighted Average Cost of Propane Fuel Inventory for the three months ended March 2016.

The weighted average cost to PSE of propane fuel inventory at the end of the first quarter of 2016 was \$4.15366 per therm. The weighted average cost of propane charged to customers under the provisions of Schedule 101 during the same period was \$4.15366 per therm. The weighted average cost of propane charged to customers will therefore remain at \$4.15366, which is within the approved banded rate.
