Re: Revisions to Tariff

Dear Mr. King,

Please find enclosed revisions to our Tariff for Northwest Water Services. We have taken ownership of several new water systems and revised our tariff to reflect the systems and associated rates.

We have also included a new Schedule 3 (Ready to Serve (RTS) Service) and Schedule 4 (Service Connection Charge) in the tariff and asking acceptance of this schedule. This is new to the tariff – it was not included in the initial filing of the original tariff we took over from the old owners.

This year we plan to take a close look at our rates and all the schedules which are absent from the original and submit a new tariff request. The original tariff from the old owners was put in place in 2007.

We look forward to working with you to help get these systems up and functioning properly with a long-range plan and an objective of producing better quality water in a more efficient and effective way than they have had in the past.

Sincerely,

Carol Rofkar & Kelly Wynn,
Owners, Northwest Water Services
