Washington Utilities and Transportation Commission
PO Box 47250
Olympia, Wa 98504-7250

Dear: Mr. Steven King:

Our company, Sanitary Disposal, Inc. (G000173), operates as a solid waste company in Oregon and Washington, and as such, is required to file an annual Class "A & B" report to your Commission on our Washington operations.

We are requesting a waiver from filing a complete Class "A & B" as required in WAC 480-70-071 to filing an abbreviated Class "A & B" report.

Our gross income derived from Washington sources is \$266,035.37, which represents approximately 4.16 % of our total income and the remaining 95.84% of our income being derived from Oregon sources. Our company is locally owned and operated and does not include adequate accounting personnel to prepare a complete Commission report. Therefore, we are forced to have our CPA firm prepare them for us, creating additional costs of about \$2,000.00, which would need to be passed on to our Washington customers.

We are asking that the waiver remain in effect until our Washington revenue exceeds 10% of our total revenue.

We appreciate your consideration in this matter.

Respectfully,

A handwritten signature in black ink, appearing to read "Mike Jewett". The signature is stylized and somewhat cursive.
