Re: Report of Weighted Average Cost of Propane Fuel Inventory
Second Quarter - 2017

Dear Mr. King:

Pursuant to WN U-2 tariff for natural gas service of Puget Sound Energy ("PSE") Supplemental Schedule No. 101 Gas Cost Rates, PSE is filing its Report of Weighted Average Cost of Propane Fuel Inventory for the three months ended June 2017.

The weighted average cost to PSE of propane fuel inventory at the end of the second quarter of 2017 was \$3.58593 per therm. The weighted average cost of propane charged to customers for the next billing period will be \$3.73932, which is the minimum approved banded rate. PSE will make an August filing to request a downward adjustment to the banded rate.

Please contact Julie Waltari at (425) 456-2945 for additional information about this filing. If you have any other questions please contact me at (425) 456-2110.

Sincerely,

/s/ Kenneth S. Johnson
