The purpose of this filing is to modify the Non-Recurring Service language and rate elements. The Company is standardizing the non-recurring structure to be in line with the rest of the TDS Telecom companies. The Initial and Subsequent Service Order, Central Office Work and Line Connection charges have been reduced and the Reconnection for Non-Payment has been increased. Additionally a Premise Visit charge has been added and the Record Order Change has been removed. Non-Sufficient funds has been moved to the Rules & Regulations section. Customers were notified in their October 7th bills. The overall impact to revenues is expected to be less than \$100.00 per month.

The proposed effective date is November 15 2017.
