RE: Advice 17-11—Schedule 37—Avoided Cost Purchases from Cogeneration and Small Power Purchases

Pacific Power & Light Company (Pacific Power or Company), a division of PacifiCorp, submits proposed tariffs applicable to Pacific Power's electric service in the state of Washington in compliance with RCW 80.28.050, WAC 480-107-095, and the Washington Utilities and Transportation Commission's (Commission) Rules and Regulations. The Company respectfully requests an effective date of February 15, 2018.

Seventh Revision of Sheet No. 37.2 Schedule 37 Avoided Cost Purchases from
Cogeneration and Small Power Production

Pacific Power's current avoided cost prices and Schedule 37 were allowed to become effective on March 17, 2017. This filing updates Pacific Power's estimated avoided cost prices and Schedule 37 using updated inputs to the Generation and Regulation Initiative Decision (GRID) model. Recognizing the Commission's intent to resolve avoided cost methodology issues in a generic rulemaking proceeding, this filing reflects no changes to the currently used methodology for Pacific Power.
