CASE# 2017-10173467

FIELD CASE SUPPLEMENT

NARRATIVE

On 12-29-17 at about 1203 hours, I responded to a radio call of a suicide attempt in the area of Hwy 2/Marlette. Dep Gould arrived on scene prior to me and determined the actual location was at the railroad tracks approximately 200-300 yards east of Graham Rd, south of Hwy 2. When I arrived on scene, it was obvious that the male hit by the train was deceased. The male had severe head and abdominal injuries. The body was found on the north side of the tracks.

The males pants had been partially removed in the process of the collision. At the request of Dep Gould, I took photos of the scene. The weather was a mix of freezing rain and snow at the time of the incident. We could see scuff marks in between the rails that gave us an indication of the point of impact. Dep Gould and I measured out with a tape that the body traveled about 200 feet from the point of impact. The point of impact was approximately 200-300 yards east of Graham. We determined the point of impact based on the scuff marks in between the tracks and a pink colored fatty material that was on the inside of the south rail. I took photos from the area of the point of impact working to where the body ended up. I also took 360 degree photos of the area around for reference.

Dep Ryan Walter assisted in rolling the body over to get better photos of the injuries to the body.

I went down to where the train was located. The train was stopped just west of the Fairchild main gate. I took photos of the front of the train. The front of the train was covered in a layer of ice. I didn't see any transfer of bodily material or clothing on the front of the train but I could see some ice disturbed where it lead me to believe there was contact with the body.

I provided the conductor with a witness statement to fill out. He was very reluctant to fill out a statement without checking with his supervisors first. The conductor advised there is a video camera in the cab that would've recorded the collision. I was advised that investigators would need to submit a subpoena to get the video.

See photo log. I checked the name of the male based on a paper that was on the male. We were able to tentatively identify the male based on a tattoo on his face as Christopher W. Clauson 1-22-84. I checked the name through my computer and saw that he was the complainant in a call last night where he was in the area of Monroe/Wellesley and told Crime Check or 911 that he was suicidal. See incident #2017-20255148.

CASE# 2017-10173467

CASE REPORT

NARRATIVE

On 12-29-17 at 1223 hours Deputy Walter and I arrived in the area of Dover road and Hwy 2, responding to a suicidal subject. Special Agent Hatter from Burlington Northern Sante Fe called 911 to report that one of their trains had struck an individual walking on the railroad tracks in this area. With the assistance of Fire District 10 Personnel I located the victim on the north side of the railroad tracks about 300 yards east of Graham road and south of Hwy 2; he was obviously deceased.

The deceased was a white male, later identified as Christopher Clauson from his booking photo and some DOC paperwork on his person. Clauson was lying near the tracks, his forehead had a large penetrating wound on it and his torso was ripped open. It appeared that the point of impact was about 200 feet west of where we located Clauson and there was a trail of body fat between the point of impact and the final resting spot.

I had Deputy Hause take photos of the scene. Deputy Walter spoke with the Conductor, Brady Erickson, who told him that the train was travelling eastbound at about 50 mph when he saw the male walking westbound on the tracks with his head down. Erickson blew the horn several times before the train struck the male. Erickson stopped the train where the tracks cross highway 2 near the main gate at Fairchild Air Force Base. Erickson completed a (very) brief written statement about this incident, which I turned in. There was a trainee in the cab with Erickson, identified as Veniamin Pavlyuk.

Jim Utke from the Medical Examiner's office arrived and took possession of Clauson's remains.

See Deputy Hause's and Deputy Walter's written statements for further details.

Incident settled with a report.

Nothing further.

I certify under the penalty of perjury under the laws of the State of Washington that all statements made herein are true and accurate and that I have entered my authorized user ID and password to authenticate it. Place Signed: Spokane County WA

Comparison of prints taken at autopsy of Clauson, Christopher W., DOB 01-22-84, Autopsy#17-4489 to those on file to confirm identity.

RESULTS

A fingerprint record was located belonging to Clauson, Christopher William, CID#416178, SID#WA21449757, FBI#777754XB1.

A friction ridge comparison was conducted between the prints listed above and it is my conclusion that the two impressions came from the **same source**.

Please note that there are black boxes (redactions) on various pages of the responsive documents. The black box may be small or large depending on the amount of information that is redacted. There may also be multiple redactions on one page. Within the redaction is a code – for example, 1A, 1B, etc. That code designates the statutory exemption applicable to the redacted information. If there is only one code on the page, but there are numerous redactions, that one statutory exemption applies to all of the redactions on that page. Otherwise, the code printed within the redaction designates the exemption for that redaction.

Also provided with these records is a key to the codes. This key identifies the statutory basis for the exemption as well as a brief explanation for why the exemption applies to the redacted information. As you review these responsive documents, you can refer to the key to identify the exemption and its applicability.

We have attempted to apply consistent redactions on document that contain the same information. In the event you locate documents that contain redactions that are not applied consistently, please let me know.

Finally, the disclosure of information in the records being produced does not in any way constitute a waiver of attorney-client and/or work product privileges.

If you have any questions, please contact me at 509-477-1721

PLEASE NOTE: In the event any of the documents provided to you appear to be privileged or exempt, the disclosure is inadvertent and the County hereby does not waive any applicable exemption or privilege. If you become aware that any of the documents provided to you appear to be exempt from disclosure, please notify the Public Records Officer immediately and promptly return the erroneously released document(s).

Code	Applicable Exemption	The cited exemption applies because the redacted/withheld information includes the following:
1A	RCW 42.56.240(1), RCW 42.56.050. Specific intelligence information and records compiled by investigative, law enforcement, penology agencies, and state agencies vested with the responsibility to discipline members of any profession, the nondisclosure of which is essential to effective law enforcement or the protection of any person's right to privacy	Identifying information of a confidential informant where nondisclosure is essential to effective law enforcement because to release the identity or information about the confidential informant would compromise this and/or future and past investigations where this confidential informant may have been involved
1B	RCW 42.56.240(1), RCW 42.56.050. Specific intelligence information and records compiled by investigative, law enforcement, penology agencies, and state agencies vested with the responsibility to discipline members of any profession, the nondisclosure of which is essential to effective law enforcement or the protection of any person's right to privacy	Identifying information of a confidential informant where nondisclosure is for the protection of the confidential informant's right to privacy
1C	RCW 42.56.240(1), RCW 42.56.050.
