

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

**NOTICE OF PENALTIES INCURRED AND DUE
FOR VIOLATIONS OF LAWS AND RULES**

**PENALTY ASSESSMENT: DG-180113
PENALTY AMOUNT: \$1,000**

P.O. Box 274
Maple Valley, WA 98038

The Washington Utilities and Transportation Commission (Commission) believes you have violated Revised Code of Washington (RCW) 19.122.030(2) by failing to provide the required notice to a one-number locator service not less than two business days before excavating. RCW 19.122.055(1)(a) states, in part, that any excavator who fails to notify a one-number locator service and causes damage to a underground gas utility is subject to a civil penalty of not more than ten thousand dollars for each violation.

Commission pipeline safety staff (Staff) reviewed damage reports submitted by Puget Sound Energy (PSE), and information obtained from the One Call 811 database, and hereby notifies you that it is assessing a penalty against you in the amount of \$1,000 on the following grounds:

On June 16, 2017, Thompson Excavating, Inc. (Thompson Excavating) was excavating for a sidewalk installation at 5922 17th Ave. S in Seattle, Washington. While excavating, Thompson Excavating damaged a PSE gas service line. The Damage Information Reporting Tool (DIRT) report submitted by PSE on July 14, 2017, indicated that a one-number locator service was not notified prior to excavation by Thompson Excavating. Staff found that Seattle Public Utilities did submit a utility locate request on May 31, 2017, for this location for a separate job that they were performing. Thompson Excavating failed to request their own utility locates prior to performing an excavation which resulted in damage to an underground gas utility.

Staff has previously sent two technical assistance warning letters to Thompson Excavating on April 30, 2015, and Aug. 31, 2015, for alleged incidents that were reported to the Commission via DIRT. These letters included detailed information about the requirements of Washington state's dig law. While Staff does not recommend enforcement action on these two incidents because they occurred outside the two-year statute of limitations, they are relevant in this case to show that Staff provided technical assistance to Thompson Excavating on two previous occasions.

Accordingly, Staff recommends that Thompson Excavating be penalized \$1,000 for one violation of RCW 19.122.030(2) for failing to provide the required notice to a one-number locator service not less than two business days before excavating. Staff further recommends that the Commission suspend and ultimately waive that penalty on the conditions that (1) Thompson Excavating field crew involved in excavation, including

company management, attend Dig Safe training provided through the National Utility Contractors Association (NUCA), within 12 months of the date of the Penalty Assessment; and (2) Thompson Excavating commits no further violations of RCW 19.122 within the next 12 months.

The Commission agrees with Staff's recommendation and assesses a penalty of \$1,000. The Commission offers to suspend the entire penalty amount on the conditions that (1) Thompson Excavating management and all crews complete NUCA Dig Safe Training within 12 months of this Notice, and (2) Thompson Excavating has no further violations of RCW 19.122 within one year of this Notice. The Commission will waive the suspended penalty amount of \$1,000 if Thompson Excavating complies with both conditions. If Thompson Excavating fails to comply with either of these conditions, the \$1,000 deferred penalty will become immediately due and payable, in addition to any new penalties that the Commission might assess for additional violations.

These facts, if not contested or if proved at a hearing and not rebutted or explained, are sufficient to support the penalty assessment.

Your penalty is due and payable now. If you believe the violation did not occur, you may deny committing the violation and contest the penalty assessment through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact concerning the violation require consideration of evidence and resolution in a hearing. Any contest of the penalty assessment must include a written statement of the reasons supporting that contest. Failure to provide such a statement will result in denial of the contest.

If you admit the violation but believe there is a reason for the violation that should excuse you from the penalty, you may ask for mitigation (reduction) of this penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request for mitigation must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of his or her decision.

You must act within 15 days after receiving this notice to do one of the following:

- Pay the \$1,000 amount due;
- Notify the Commission that you accept the offer to suspend, and ultimately waive, the entire \$1,000 penalty amount due on condition that all Thompson Excavating employees, including management, attend the Dig Safe training provided through NUCA within 12-months of this Notice; submit documentation of that attendance to the Commission within five (5) days of attending the training; and commit no further violations of RCW 19.122 within the next year; or
- Request a hearing to contest the occurrence of any or all of the violation(s); or

- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and submit it electronically through the Commission's web portal **within FIFTEEN (15) days** after you receive this notice. If you are unable to use the web portal, you may submit it via email to records@utc.wa.gov. If you are unable to submit the form electronically, you may send a paper copy to the Washington Utilities and Transportation Commission, Post Office Box 47250, Olympia, Washington 98504-7250.

If you do not act within 15 days, the Commission may refer this matter to the Office of the Attorney General for collection. The Commission may then sue you to collect the penalty.

DATED at Olympia, Washington, and effective February 13, 2018.
