

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

**NOTICE OF PENALTIES INCURRED AND DUE
FOR VIOLATIONS OF LAWS AND RULES**

PENALTY ASSESSMENT: DG-180218

PENALTY AMOUNT: \$1,000

Taylor's Excavators, Inc.
3134 268th St. NW
Stanwood, WA 98292

The Washington Utilities and Transportation Commission (Commission) believes you have violated Revised Code of Washington (RCW) 19.122.030(2) by failing to provide the required notice to a one-number locator service not less than two business days before excavating. RCW 19.122.055(1)(a) states, in part, that any excavator who fails to notify a one-number locator service and causes damage to a underground gas utility is subject to a civil penalty of not more than ten thousand dollars for each violation.

Commission pipeline safety staff (Staff) reviewed damage reports submitted by Puget Sound Energy (PSE), and information obtained from the One Call 811 database, and hereby notifies you that it is assessing a penalty against you in the amount of \$1,000 on the following grounds:

On Nov. 4, 2016, Taylor's Excavators, Inc. (Taylor's Excavators or Company) was installing a new water service at 13813 45th Dr. SE in Snohomish, Washington. While excavating, Taylor's Excavators severed a PSE 1-1/8" gas service stub. PSE reported that Taylor's Excavators did not have a valid locate ticket prior to beginning work. Staff investigated and found that Taylor's Excavators did not submit a utility locate request for this location.

Because this was the Company's first violation for failing to provide the required notice to a one-number locator service not less than two business days before excavating, Staff sent a technical assistance warning letter to Taylor's Excavators on Jan. 19, 2017, which included detailed information about the requirements of Washington state's dig law.

On July 31, 2017, Taylor's Excavators, Inc. was installing a power line at 2820 164th St. NE in Marysville, Washington. While excavating, Taylor's Excavators damaged a PSE gas service line. PSE reported that Taylor's Excavators did not have a valid locate ticket prior to beginning work. Staff found that Taylor's Excavators did not submit a utility locate request for this location.

Staff found that Taylor's Excavators committed two violations of RCW 19.122.030(2) by failing to request utility locates on two occasions. Staff recommends a \$1,000 penalty be assessed for these violations with the breakdown of the recommended penalty as follows:

- No Penalty for the first violation of RCW 19.122.030(2), which occurred on Nov. 4, 2016; and

- \$1,000 penalty for the second violation of RCW 19.122.030(2), which occurred on July 31, 2017.

Staff also recommends that the Commission suspend the entire \$1,000 penalty amount subject to the conditions that (1) Taylor's Excavators field crew involved in excavation, including company management, attend "Dig Safe" training provided through National Utility Contractors Association (NUCA), within 12 months of the date of this Penalty Assessment; and (2) Taylor's Excavators commits no further violations of RCW 19.122 within the next 12 months.

The Commission agrees with Staff's recommendation and assesses a penalty of \$1,000. The Commission will, however, offer to suspend the entire penalty for a period of one year subject to the conditions that (1) Taylor's Excavators management and all crews complete NUCA Dig Safe Training within 12 months of this Notice, and (2) Taylor's Excavators commits no further violations of RCW 19.122 within one year of this Notice. The Commission will waive the suspended penalty amount of \$1,000 if Taylor's Excavators complies with both conditions. If Taylor's Excavators fails to comply with either of these conditions, the \$1,000 suspended penalty will become immediately due and payable, in addition to any new penalties that the Commission may assess for additional violations.

These facts, if not contested or if proved at a hearing and not rebutted or explained, are sufficient to support the penalty assessment.

Your penalty is due and payable now. If you believe that either or both of the violations did not occur, you may deny committing the violation(s) and contest the penalty assessment through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact concerning the violation(s) require consideration of evidence and resolution in a hearing. Any contest of the penalty assessment must include a written statement of the reasons supporting that contest. Failure to provide such a statement will result in denial of the contest.

If you admit either or both of the violations but believe there is a reason for the violation(s) that should excuse you from the penalty, you may ask for mitigation (reduction) of this penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request for mitigation must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation(s) or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of his or her decision.

You must act within 15 days after receiving this notice to do one of the following:

- Pay the \$1,000 amount due;

- Notify the Commission that you accept the offer to suspend, and ultimately waive, the entire \$1,000 penalty amount due subject to the conditions that all Taylor's Excavators employees, including management, attend the Dig Safe training provided through NUCA within 12-months of this Notice; submit documentation of that attendance to the Commission within five (5) days of attending the training; and commit no further violations of RCW 19.122 within the next year; or
- Request a hearing to contest the occurrence of any or all of the violation(s); or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and submit it electronically through the Commission's web portal **within FIFTEEN (15) days** after you receive this notice. If you are unable to use the web portal, you may submit it via email to records@utc.wa.gov. If you are unable to submit the form electronically, you may send a paper copy to the Washington Utilities and Transportation Commission, Post Office Box 47250, Olympia, Washington 98504-7250.

If you do not act within 15 days, the Commission may refer this matter to the Office of the Attorney General for collection. The Commission may then sue you to collect the penalty.

DATED at Olympia, Washington, and effective March 16, 2018.
